Synopsis:

Narrative:

During this incident, I was equipped with a body worn camera which was activated. The following narrative serves as a summary of the incident described and may not be written in chronological order. For a detailed record of the event, please refer to the body worn camera video.

On 6/9/2025 at approximately 1013 hours I was dispatched to contact a citizen, Kenya Jones at the Puyallup Police Station at 311 W Pioneer. She had reported receiving a threatening letter in her mailbox at 407 4TH AVE NE in Puyallup, WA.

I interviewed Kenya Jones, and she relayed the following: On 6/5/2025, she discovered a threatening letter in her mailbox. She provided the message to me. It is a typed paragraph on a standard white sheet of paper. It is in ALL CAPS and red colored font. The message threatens Kenya in many ways, including threatening to kill her while she is at city hall, threatening to shoot her, threatening to cut her throat, threatening to kill her dog, threatening to raper her, and threatening to throw her in the river. The message is full of racist language targeting Kenya.

The message references hunting Kenya while she is at city hall. Kenya is the chair of the planning commission. She stated that no one in the commission would do something like this and nobody from the public ever attends.

Kenya stated that the folded white piece of paper was found inside her mailbox along with her other mail. She reviewed her security camera footage and only observed one person that was out of place. She showed me screenshots of the video. The screenshots show an Asian male in his late 20s, wearing a reflective vest, and carrying a US Mail style shoulder bag. The bag appeared to have mail items in it. The suspicious person put something in her mailbox at around 1003 hours on 6/5/2025. Her regular mail carrier usually delivers around 1300 hours and is a different person.

I asked Kenya to review her security footage again, looking for other subjects that may have furtively slipped the message into her mailbox. Additionally, I asked her to get review footage of her regular mail carrier on 6/5/2025.

Kenya also showed me several blocked numbers that she has recently blocked from her cell phone well as two suspicious text messages. The blocked numbers were: 810-380-5034, 844-581-4697, and 605-597-5448. The text messages were from: 360-680-1413 and 253-393-9543. The text messages seemed to be random spam.

I asked Kenya if she knew of anyone that may dislike her in any way. Her facial expression led me to believe that she may have someone in mind, but she did not want to accuse someone falsely. I asked several different ways, including about her neighbors. She stated that there were some neighbors that were not friendly but did not believe they would do something like this. She did not want to provide names.

I provided Kenya a business card with the case number. I encouraged Kenya to call 911 if she felt unsafe in any way or received any other threats.

I sent Kenya a community request link via AXON and asked her to submit all videos and any other digital evidence related to the incident. Supplemental report pending her submission.

I took a picture of the white paper with the threatening messages on it along with all screenshots provided by Kenya and uploaded 7 pictures to agency cloud storage.

The paper had been handled extensively and lacks significant forensic value. I booked the message along with the screenshots of the security footage and the text messages as evidence in the Puyallup Police Department Property Room.

Please refer to Puyallup Police Department ISU detectives for review.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct.

Synopsis:

Narrative: On 6/9/2025 at approximately 1527 hours I received a surveillance video submitted by Kenya Jones via Axon community link. The video appears to show an unknown Asian male, in his 20s, dropping off mail to the victim's residence. The individual appears to be a mail carrier including having a mail carrier style bag and a reflective vest. The unknown male walks up to residence and puts something in the mailbox. He then

takes a few steps away, before turning around and appearing to add a few more items to the mailbox. This video was uploaded to agency cloud storage.

Synopsis:	
-----------	--

Narrative:	On 6/9/2025, I was assigned this case for follow-up while serving in my capacity as a Detective with the Puyallup PD Investigative Services Unit. I opened this .3 report early on, but the investigation ultimately took much longer than expected. At the request of the records department, I am submitting this report without my full narrative (which is still in progress) so the reports written afterwards can be appropriately reviewed and approved. Please see my .11 report once it is completed for details of my investigation.

Investigative Information

Synopsis:

Narrative:

On June 10, 2025 I followed up on a phone call and an email from Det. Brown. Det. Brown had inquired about any potential video evidence that may have been captured by the Stewart Elementary School or the Karshner Museum camera system as they are directly across the street.

I arrived at Stewart Elementary and met with Campus Safety Officer Wolfe. The Karshner Museum does not have any external mounted cameras, however the camera at the main entrance of Stewart Elementary did have a view to the north. The corner of the property of 407 4th Ave NE is just in view of the camera system. CSO Wolfe was able to review the video and using the date and the very specific time provided by Det. Brown, he and I was able to capture a photo of who we believe was the individual that was captured by the Ring video provided by Det. Brown.

Based on the video we believed that the individual is the mail carrier for the US Postal Service. Upon review of the video a US Postal Service van drives up and parks in the 400 block of 4th Ave SE. The driver appears to be working inside the van through the driver's window for several minutes. No other individuals pass by the van. A few minutes later an individual who appears to be a male, matching the description wearing all black clothing with reflective stripes on his back, carrying a large black bag that appears to be mail, comes out from behind the van. The individual is observed walking to the mailboxes of some of the neighboring homes before walking out of view in front of 407 4th Ave NE. He then returns to view and walks to the van and the van drives off. The view of the camera does not capture the mailbox of 407 4th Ave NE.

In consultation with Det. Brown, it was asked to I obtain the video for evidence. I contacted the Puyallup School District Critical Building System Specialist and sent an Axon Community Request for the video. On June 11th the two videos were submitted. I accepted the submission and the videos were uploaded to agency cloud storage for review.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct.

Synopsis:

Narrative: On 6/18/2025, I removed the letter (MC 2) from its sealed plastic evidence bag to be processed for latent prints. I processed the letter with Ninhydrin, spraying the solution and thoroughly saturating the front and back surfaces of the letter. I then hung the letter on a rod in the laboratory fume chamber to dry. On 6/20/2025, I removed the letter from the drying rod and noticed several fingerprints had developed from the use of the Ninhydrin. I placed the letter onto the photo stand in the laboratory to be photographed.

Using my department-issued Nikon D7500 camera, I photographed the front and back of the letter using an 18-140mm lens and then took several close-up photographs of the developed fingerprints using a macro lens. I uploaded all 24 photographs to Evidence.com on 6/20/2025.

I placed the letter back into its original evidence packaging, resealed the bag, and dated and initialed the seal. I placed the bag back into its designated storage location in the property and evidence room.

On 6/30/2025, I created an Evidence.com case share of the 24 photographs and shared it with Pierce County Forensics for latent print analysis.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct.

On 06/30/2025 through 07/01/2025, I entered latent fingerprint impression 01 for a search in the WIN (Western Identification Network) AFIS database and the IAFIS (Integrated Automated Fingerprint Identification System) FBI database with negative results.

I then entered latent fingerprint impression 01A for a search in the WIN (Western Identification Network) AFIS database and the IAFIS (Integrated Automated Fingerprint Identification System) FBI database with negative results.

I then entered latent fingerprint impression 01B for a search in the WIN (Western Identification Network) AFIS database with positive results.

Latent fingerprint impression 01B was found to be the same as the known impression of right thumb (#1) of WISEMAN, MARK EZRA, DOB: 01/02/1981, SID: E14 [REDACTED], FBI# E14 [REDACTED].

I then entered latent fingerprint impression 01B for a search in the IAFIS (Integrated Automated Fingerprint Identification System) FBI database with negative results.

It should be noted at the time of this incident that WISEMAN, MARK EZRA is employed with the Puyallup Police Department.

I then entered latent fingerprint impression 01C for a search in the WIN (Western Identification Network) AFIS database and the IAFIS (Integrated Automated Fingerprint Identification System) FBI database with positive results.

Latent fingerprint impression 01C was found to be the same as the known impression of right (#3) middle finger of WISEMAN, MARK EZRA, DOB: 01/02/1981, SID: E14 [REDACTED], FBI# E14 [REDACTED].

I then entered latent fingerprint impression 01D for a search in the WIN (Western Identification Network) AFIS database and the IAFIS (Integrated Automated Fingerprint Identification System) FBI database with negative results.

I then entered latent fingerprint impression 01E for a search in the WIN (Western Identification Network) AFIS database and the IAFIS (Integrated Automated Fingerprint Identification System) FBI database with positive results.

Latent fingerprint impression 01E was found to be the same as the known impression of left thumb (#6) of WISEMAN, MARK EZRA, DOB: 01/02/1981, SID: E14 [REDACTED], FBI# E14 [REDACTED].

I then entered latent fingerprint impression 01F for a search in the WIN (Western Identification Network) AFIS database and the IAFIS (Integrated Automated Fingerprint Identification System) FBI database with positive results.

Latent fingerprint impression 01F was found to be the same as the known impression of left (#7) index finger of WISEMAN, MARK EZRA, DOB: 01/02/1981, SID: E14 [REDACTED], FBI# E14 [REDACTED].

I then entered latent fingerprint impression 01G for a search in the WIN (Western Identification Network) AFIS database and the IAFIS (Integrated Automated Fingerprint Identification System) FBI database with positive results.

Latent fingerprint impression 01G was found to be the same as the known impression of left thumb (#6) of WISEMAN, MARK EZRA, DOB: 01/02/1981, SID: E14 [REDACTED], FBI# E14 [REDACTED].

I then entered latent fingerprint impression 01H for a search in the WIN (Western Identification Network) AFIS database and the IAFIS (Integrated Automated Fingerprint Identification System) FBI database with positive results.

Latent fingerprint impression 01H was found to be the same as the known impression of left (#8) middle finger of WISEMAN, MARK EZRA, DOB: 01/02/1981, SID: E14 [REDACTED], FBI# E14 [REDACTED].

I then entered latent fingerprint impression 01I for a search in the WIN (Western Identification Network) AFIS database and the IAFIS (Integrated Automated Fingerprint Identification System) FBI database with positive results.

Latent fingerprint impression 01I was found to be the same as the known impression of right thumb (#6) of WISEMAN, MARK EZRA, DOB: 01/02/1981, SID: E14 [REDACTED], FBI# E14 [REDACTED].

I then entered latent fingerprint impression 01J for a search in the WIN (Western Identification Network) AFIS database and the IAFIS (Integrated Automated Fingerprint Identification System) FBI database with positive results.

Latent fingerprint impression 01J was found to be the same as the known impression of left thumb (#6) of WISEMAN, MARK EZRA, DOB: 01/02/1981, SID: E04 [REDACTED], FBI# E14 [REDACTED].

I then entered latent palmprint impression 01K for a search in the WIN (Western Identification Network) AFIS database and the IAFIS (Integrated Automated Fingerprint Identification System) FBI database with negative results.

I then entered latent fingerprint impression 01L for a search in the WIN (Western Identification Network) AFIS database and the IAFIS (Integrated Automated Fingerprint Identification System) FBI database with positive results.

Latent fingerprint impression 01L was found to be the same as the known impression right thumb (#1) of NELSON, WADE DONALD, DOB: 08/26/1982, SID: E14 [REDACTED], FBI# E14 [REDACTED].

It should be noted at the time of this incident that NELSON, WADE DONALD is employed with the Puyallup Police Department.

I then entered latent fingerprint impression 01M for a search in the WIN (Western Identification Network) AFIS database and the IAFIS (Integrated Automated Fingerprint Identification System) FBI database with positive results.

Latent fingerprint impression 01M was found to be the same as the known impression of left (#9) ring finger of WISEMAN, MARK EZRA, DOB: 01/02/1981, SID: E14 [REDACTED], FBI# E14 [REDACTED].

I then entered latent fingerprint impression 01N for a search in the WIN (Western Identification Network) AFIS database and the IAFIS (Integrated Automated Fingerprint Identification System) FBI database with positive results.

Latent fingerprint impression 01N was found to be the same as the known impression of right thumb (#1) of WISEMAN, MARK EZRA, DOB: 01/02/1981, SID: E14 [REDACTED], FBI# E14 [REDACTED].

I then entered latent fingerprint impression 01O for a search in the WIN (Western Identification Network) AFIS database and the IAFIS (Integrated Automated Fingerprint Identification System) FBI database with positive results.

Latent fingerprint impression 01O was found to be the same as the known impression of right thumb (#1) of WISEMAN, MARK EZRA, DOB: 01/02/1981, SID: E14 [REDACTED], FBI# E14 [REDACTED].

I then entered latent fingerprint impression 02 for a search in the WIN (Western Identification Network) AFIS database and the IAFIS (Integrated Automated Fingerprint Identification System) FBI database with positive results.

Latent fingerprint impression 02 was found to be the same as the known impression of right index finger (#2) of NELSON, WADE DONALD, DOB: 08/26/1982, SID: E14, FBI# E04.

I then manually compared latent fingerprint impressions 01, 01A and 01D to the known fingerprints of WISEMAN, MARK EZRA from the WIN Archive database with the following results.

- Latent 01A had inconclusive results.
- Latent 01D was positively IDed as left ring finger (#9)
- All other comparisons were negative

I then manually compared latent fingerprint impressions 01 to the known fingerprints of NELSON, WADE DONALD from the WIN Archive database with the negative results.

I was unable to do a manual comparison for latent palmprint impression 01K to either WISEMAN, MARK EZRA or NELSON, WADE DONALD because neither individual has palmprints on file.

- Latent fingerprint impression 01 remains unidentified.
- Latent fingerprint impression 01A remains unidentified.
- Latent palmprint impression 01K remains unidentified.

On 07/10/2025, My results were technically reviewed and verified by Forensic Technician Sheena Meara #20-013

I sealed a copy of the Tenprint cards into two (2) separate clear Ziplock style evidence bags, and returned MC# 2 to its original packaging, and sealed all items with my initials, employee number and the date. All items await pickup by the Puyallup Police Department.

Nothing further at this time

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct.

Synopsis:

Narrative: On 08/28/2025 at approximately 0840 hours, I met with victim Kenya Jones and Detective K. Johnson in the lobby of the Puyallup Police Department. I brought the victim to an interview room to collect reference samples of her fingerprints as requested by Detective Johnson. Per Pierce County Forensics advisory, I printed each digit on both the right and left hands, as well as both palm prints and writers' prints. I

put the reference prints in an evidence bag and placed the bag in a temporary storage location pending transfer to Pierce County Forensics for comparison.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct.

Synopsis:

Narrative: On 08/28/2025, a clear evidence bag containing know fingerprints and palmprints was dropped off by Jenna Sweet #PPD15113 from the Puyallup Police Department. The item was requested for latent print comparison to some previously unidentified prints and was collected by Jenna Sweet #PPD15113. The known cards were from a JONES, KENYA

..

On 08/29/2025, I manually compared latent fingerprint impression 01 and palmprint impression 01K to the known fingerprint and palmprint impressions of JONES, KENYA, with negative results.

.

Latent fingerprint impression 01 remains unidentified.
Latent palmprint impression 01K remains unidentified.

..

On 09/09/2025, My results were technically reviewed and verified by Forensic Technician Sheena Meara #20-013

I then returned all cards to their original packaging, and sealed them with my initials, employee number and the date. All items await pickup by the Puyallup Police Department.

Nothing further at this time

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct.

Synopsis: Detective follow-up. Referred to the misdemeanor division of the Pierce County Prosecuting Attorney's Office for charging review.

Narrative: On 6/9/2025, I reviewed the text of the letter, which is typed in red ink on a single piece of paper and reads as follows:

"YOU NEED TO SHUT UP AND STAY OUT OF OUR CITY HALL. YOU DON'T BELONG HERE YOU'RE A BITCH AND YOU NEED TO LEAVE. WE CANT WAIT UNTIL COUNCIL FINALLY REMOVES YOUR DEI DIDN'T EARN IT ASS IF COUNCIL WONT TAKE YOU OUT WE WILL IT WILL BE EASY TO SPOT THE NIGGA BITCH THROUGH THE GLASS WINDOWS. WE WILL GO NIGGA HUNTING NEXT TIME YOU GO TO CITY HALL. YOU THINKYOUR FAMOUS MISS 40 I WILL PUT 40 BULLETS THRU THE GLASS. EQUITY WILL NEVER COME TO PUYALLUP THE MAYOR AND CITY COUNCIL WILL PROTECT US FROM YOUR MONKEY ASS WOKE VICTIM BULLSHIT. THE COMP PLAN WILL PASS AND END ALL OF YOU AND YOUR REVERSE RACISM THEN YOUR RETARDED ASS CAN GO BACK TO YOUR SHITHOLE COUNTRY. WE WILL MAKE PUYALLUP GREAT AGAIN AND DEPORT YOU TO MEXICO SO YOU CAN BE GANG RAPE AND HUNG LIKE THE TERRORIST YOU ARE. YOU WILL NEVER HAVE POWER IN THIS CITY THE COUNCIL WILL PROTECT OUR POWER. BLACK LIVES DO NOT MATTER HERE WE ARE NOT TACOMA WE WILL SHUT YOU UP IN CITY HALL AND THEN WE WILL SHUT YOU UP FOREVER KEEP RUNNING YOUR MOUTH IN MEETINGS WE ARE GOING TO GRAB YOU IN THE BASEMENT AND CUT YOUR THROAT SO YOU CANT SCREAM WHILE WE RAPE YOU AND WHEN WE ARE DONE WE WILL DUMP YOU IN THE RIVER SO YOU CAN BE WITH THE SALMON YOUR ALWAYS TRYING TO SAVE. MAYBE ONE OF YOUR PISS POOR INDIAN BUDDYS WILL FIND YOU. WE ARE GOING TO RUN OVER THAT STUPID YAPPING DOG TOO MAYBE WE WILL POISON HIM. PUYALLUP IS NOT YOUR CITY WE WILL ERASE YOU YOU WILL NEVER BE EQUAL YOU WILL NEVER BE REMEMBERED PUYALLUP IS NOT FOR YOU AND DON'T EVEN BOTHER CALLING THE POLICE THEY WILL NOT HELP YOU THEY ARE PATRIOTS THEY WORK FOR REAL AMERICANS NOT WELFARE NIGGA BITCHS THEY WILL PROTECT US AND THEY COUNTRY FROM INVADERS LIKE YOU

"YOU WILL DIE ALONE WE WILL MAKE SURE OF IT"

This obscene language includes racial slurs and graphic threats of violence and murder. It makes references to city hall, council, Miss 40, Puyallup, the comp plan, police, and more. It disparagingly cites potentially controversial terms like DEI, equity, and woke.

Since Kenya is the chair of the planning commission for Puyallup, I reviewed their responsibilities on the city website, which read, "The Commission reviews and makes recommendations to the City Council regarding amendments to the Puyallup Comprehensive Plan, amendments to land use regulations in the Puyallup Municipal Code, and the assignment of zoning for proposed annexations."

INITIAL CONTACT WITH KENYA

The afternoon of 6/9/25, I reached Kenya by phone. She advised she discovered the letter in the mail on 6/6/25. I inquired why she had not reported it then. She said she noticed the office at the police station was closed at 4:30 PM, so she decided to wait until the following Monday. I assured her she could report emergency and non-emergency calls at any time of the day or week and patrol would respond.

I asked Kenya to send the previously referenced Ring video (which still had not been uploaded) and she did so. Officer Wiseman received it and articulated what it depicted (the Asian male who appeared to be a postal worker delivering mail).

Kenya agreed to meet with me on 6/10/25 for a more in-depth interview. That morning, prior to seeing me, she uploaded 11 more Ring video clips. They included one of her husband checking the mailbox (and retrieving nothing) on 5/26/25 at 1022 hours. They also showed her regular mailman, an approximately 60 year old white male, delivering mail (either a single envelope, package, or junk mail) on 5/27/25, 5/29/25, 5/30/25, 5/31/25, 6/2/25, 6/3/25, and 6/4/25. The other three clips showed door-to-door salesmen and landscapers who did not touch the mailbox.

ADDITIONAL CAMERAS IN AREA

On 6/10/25, I canvassed the neighborhood for additional video cameras. I observed the Ring doorbell camera attached to the left of the front doorknob of Kenya's house. I saw that there were Ring cameras at the residences of 417 and 421 4th Ave NE, but they would not have been able to capture anyone at the door of Kenya's home. The Karshner Museum did not appear to have any exterior cameras. The

surveillance cameras at Stewart Elementary School confirmed the Asian postman who was unfamiliar to Kenya had been using a US Postal Service van. Refer to Officer Ketter's report for further details of that footage.

FOLLOW-UP WITH POST OFFICE

On 6/10/25 at about 1000 hours, I met with Uwomena Akporobaro, a supervisor at the downtown Puyallup US post office (204 2nd St SW). He immediately recognized the two mail carriers on the videos as Anthony Williamson (who has worked there for over 25 years) and Wenyi Chen (who had been employed there for over 60 days).

FORMAL INTERVIEW WITH KENYA

On 6/10/2025 at about 1030 hours, Detective Brown and I met with Kenya in the lobby of the Puyallup PD station at 311 W Pioneer. We proceeded into the private interview room, which was audio and video recorded. She consented to the recording and we proceeded to speak about the incident. The following is paraphrased and not necessarily in chronological order. Exact quotations are marked as such.

I went over the Ring video clips with Kenya. She advised she did not provide every single available clip, considering many were irrelevant (for example, people walking their dogs or her maid entering the house). She confirmed the clip on 5/26/25 at 1022 hours showed her husband. She said he checked the mail then went for a run. That was the last time she believed they checked the mail until 6/6/25. Kenya said her husband went on mission to Japan on 5/27/25 at about 0300 hours.

Kenya advised they have informed delivery (from USPS), which sends an e-mail notification of what they will be receiving that day. On 6/6/25, she saw that the sewer bill had arrived, so that is why she checked the mail then. Kenya later said there were probably seven pieces of mail in the mailbox when she emptied it and the letter on the loose piece of paper was in the middle of that. She did not recall which piece of mail it was next to.

I asked Kenya if I could review the rest of the Ring videos on her phone to ensure she did not miss anything. She offered to send the rest of the clips to me, but said she did not have her phone with her. She advised the e-mail address she had been using to communicate with me (kenyajonesdesign@gmail.com) would be associated with the Ring account. I later asked Kenya if it was possible to sneak up to her mailbox and place something inside it without setting off the motion-activated sensor on the Ring camera. She confirmed it was possible if the person came from the side.

I inquired if Kenya had thought anymore about who would have been motivated to do this or anyone she might wish for us to be aware of. She answered, "I don't think anyone would write that letter... They might say some other things, but not that." She could not or would not produce any names of possible perpetrators.

I asked Kenya about the comprehensive plan. She said it sets the policy for the city for the next twenty years. She recently took over as chair of the planning commission, but estimated the work on the comprehensive plan has been going on for the last year and a half or so in some form.

I asked Kenya if there was any significance to the portion of the letter that reads, "famous Miss 40". She explained last month she was named one of the 40 most influential people under 40 in the Puget Sound region. I inquired if she would describe her dog as a "yapping" dog. She said they have signs outside their house that they have a dog. She confirmed her sister lives at the house and also has a dog. Both of the dogs are females (the letter references a male dog).

I brought up that Kenya had mentioned her sister possibly touching the letter. She stated, "I don't think that she did because I just tried to put it away because I didn't want her to tell my mom." She explained her mother was getting married soon and she did not want to add to her stress.

I mentioned equity and asked if that was part of what was in the comprehensive plan. She replied, "Yes and no... I believe that city council's amendments have pulled all mentions of that out of the comp plan."

I confirmed, "That's already been done?" She explained they have to go through certain readings, and the first one was today (6/10/25). She advised the plan has to be passed by the 30th of this month or next. I asked if there has been any opposition by a particular group. She answered, "There's a lot of different elements in it and different elements have gotten a different amount of pushback." I clarified, "From who exactly? Is it like the citizenry or city council or both...?" She replied, "Across the board." I inquired if anyone had shown up and been very vocal about particular language not being in the plan. She responded, "I don't think anyone that I know of that does say things like that would write this letter."

I could tell Kenya was holding back naming someone and relayed that to her. I asked, "Is there anybody you're thinking of that you just don't wanna say?" She responded, "There's a lot of stuff that go into this and I mean, I feel like if we talked about the last year and a half on planning commission, you'd probably look like I just told you the mating rituals of lizard people. Like, I mean it just sounds crazy and out of the way and I don't think that any of that's probably going to help figure out who wrote this." I clarified, "So anybody that you might be thinking of, you would still not say they would ever do something like this?" She answered, "I think that they've probably said things like that, but they would never say things that are that bad."

I asked Kenya how threatened she was and how the letter made her feel. She stated, "I don't like that they know where I park when I go to my meetings." She continued, "I don't like.. the language that they use where it just seems like they know what I do when I go to city hall... I don't like how they know, like, where windows are. I don't like that they know that I park my car in the basement always." She added, "I don't like that they know where I live." I noticed she did not explicitly confirm she felt threatened.

Kenya brought up the phone numbers that had contacted her (the apparent spammers). I asked if her number was publicly available (such as on her LinkedIn profile or something similar). She said, "I don't think so."

I went through some of the potential investigative steps we are able to take on this matter, but expressed the limited evidence we have to work with at this point. She said she would go back and look at the public comments at the meetings (to help determine someone who might have a motive to do this).

After our conversation, I located the article Kenya was referencing (South Sound Business Journal's article titled "40 Under 40: 2025") at the following link: www.southsoundbiz.com/profiles/40-under-40-south-sound-business-2025/article_b38e18e2-ac44-4078-82f9-0dba42241113.html. Her profile shows she works as an interior designer and for the Puyallup Planning Commission.

RESEARCH ON PHONE NUMBERS

Officer Wiseman mentioned the phone numbers Kenya had blocked (810-380-5034, 844-581-4697, and 605-597-5448) and two that had sent her text messages (360-680-1413 and 253-393-9543). The text message from 360-680-1413 was sent on 6/5/25 at 1155 hours and read: "Hi Gregory, this is Jane. My family has a few rentals around Puyallup, and I was hoping to ask a quick question about 407 4th Ave Ne - would that be alright". Gregory is the first name of Kenya's husband. The text message from 253-393-9543 was sent on 5/20/25 at 1530 hours and read: "Hello there Kenya. do you still own the place at 407 4th Ave Ne ?"

On 6/20/25, Kenya e-mailed me the following: "Can you please add a phone number to your list... 509-261-5583."

The CellHawk and LexisNexis resources revealed the following about these numbers:

810-380-5034: a non-fixed VOIP serviced by Onvoy and/or Flowroute Inc
844-581-4697: a toll-free number that a general internet search suggests might belong to Truist Bank or spoofers pretending to be from their fraud department
605-597-5448: a non-fixed VOIP serviced by Onvoy
360-680-1413: a non-fixed VOIP serviced by Telnyx
253-393-9543: a non-fixed VOIP serviced by Openmarket and/or Peerless
509-261-5583: a non-fixed VOIP serviced by Twilio

Non-fixed VOIPs are often called virtual numbers which can easily be assigned with just an email address and a payment method. Based on my experience, they are a common type of phone number used by spammers. I checked several law enforcement databases and found no associations with these numbers, nor any history of them being used in other crimes. At this point, there is no evidence to show a connection between the numbers and the threatening letter.

RESEARCH ON PLANNING COMMISSION

The city of Puyallup website (cityofpuyallup.org/1405/Planning-Commission) lists the members of the planning commission as follows:

- Chair Kenya Jones-Lowell
- Vice Chair Marty Kiilsgaard
- Greg Martin
- David De Groot
- Kyle Landon
- Art Seeley
- Tracy Taylor

This website specified that the commission's meetings were at 1830 hours on the second and fourth Wednesdays of each month at city hall (333 S Meridian in Puyallup). There was a link to the agendas, minutes, and/or video for each meeting dating back to 2011.

MINUTES FOR PLANNING COMMISSION MEETINGS

I accessed the minutes for the eight most recent meetings, which were dated 12/11/24, 12/18/24, 1/22/25, 2/12/25, 2/26/25, 3/12/25, 4/9/25, 5/14/25, 6/11/25, 6/25/26, and 7/23/25. Upon review, I determined that the majority did not show anything remotely controversial or volatile. There were some items that could have possibly been contentious, which I have articulated below.

During the meeting on 12/18/24, the following was included in the minutes:

"1. A motion was made by Commissioner DeGroot, and seconded by Commissioner Seeley, to modify the historical section of the Foundations Element of the comprehensive plan per the provided language. The motion failed 1-3 with 1 abstention (Schiller, Jones-Lowell, Seeley, Kiilsgaard).

"2. A motion was made by Commissioner Kiilsgaard, and seconded by Commissioner DeGroot, to provide both versions to Council for their consideration to either modify the language or remove the historical section in the foundations of the comprehensive plan. The motion failed 2-3 (Schiller, Jones-Lowell, Seeley).

"14. A motion was made by Commissioner DeGroot, and seconded by Commissioner Seeley, to update Housing 6.1 to read 'Engage and partner with individuals and households most disproportionately impacted by housing challenges to inform strategies, actions, regulations, and resource allocation decisions that ensure affordable housing is available to all income levels.' The motion failed 1-4 (Schiller, Jones-Lowell, Kiilsgaard, Seeley).

"22. A motion was made by Vice Chair Jones-Lowell, and seconded by Commissioner Seeley, to approve the comprehensive plan to include all passed recommended amendments. The motion passed 4-1 (DeGroot)."

The above are several examples of Kenya and DeGroot being at odds and disagreeing on multiple issues.

During the meeting on 2/12/25, the following was included in the minutes:

"Vice-Chair Jones-Lowell expressed concerns about amendments to the comprehensive plan presented to the City Council without undergoing the Planning Commission's review process. SP Wals explained that these amendments were developed in response to agency feedback after the Planning

Commission made its recommendations. They were presented as staff alternatives to address those comments.

"This situation prompted a broader discussion among the Planning Commission regarding the transparency of the process and the need for the Commission to be informed about any changes or alternatives presented to the City Council. The Commission emphasized distinguishing which recommendations came from them versus those proposed by the staff. There were also concerns about how individual Commissioners could communicate personal opinions to the City Council, separate from the official recommendations of the Commission. This raised the need for a more systematic approach to ensure that feedback from Commission members is conveyed accurately and distinctly.

"In response, PM Baker and SP Wals clarified that the amendments were minor changes intended to align with agency directives. They committed to improving communication practices regarding such amendments in the future and agreed to provide the Planning Commission with detailed copies of these changes. Additionally, the Commission reviewed protocols for how they should represent themselves at City Council meetings, whether speaking in an official capacity or as private citizens."

Kenya was appointed chair of the commission on 3/12/25, even though she was absent for that meeting.

The following was included in the 7/23/25 minutes (this was one day after the second reading by city council of an ordinance adopting the Puyallup 2044 Comprehensive Plan Periodic Update):

"Commissioner Seeley expressed dissatisfaction with the City Council's actions during their meeting the previous night. He voiced criticisms towards the Council for rejecting the Planning Commission's recommendations to prevent future incidents, interpreting this as a lack of belief in equity for Puyallup.

"Commissioner Taylor shared that she attended the City Council meeting the previous night with her daughter and was astounded by the number of community members present. While disappointed that the Council didn't delay the vote despite numerous voices, she felt uplifted by the community's engagement."

MINUTES FOR CITY COUNCIL MEETINGS

I also reviewed the minutes for several of the most recent city council meetings. It is important to mention that the first reading by city council of an ordinance adopting the Puyallup 2044 Comprehensive Plan Periodic Update was done on 6/10/25, and the second was on 7/22/25. A large number of citizens spoke out against the council amending the comprehensive plan, advocating to reinstate the language about climate change, diversity/equity/inclusion, and tribal history that had been removed.

For the 6/10/25 meeting, the minutes included:

"Joe Colombo requested that climate change language be reinstated in the Comprehensive Plan expressing concerns about the increasing severity of wildfires and the need for sustainable housing solutions.

"John Hopkins commented on the Comprehensive Plan, discussing the timeline of affordable housing legislation passed in Olympia and questioning the justification for using lahar hazards as an exemption from state housing requirements.

"Kathleen McLeod discussed the history of equal opportunity legislation, Title IX, and the importance of diversity, equity, and inclusion (DEI) initiatives.

"Heather Schiller expressed concerns regarding the Good Samaritan Hospital Master Plan and the 2044 Comprehensive Plan update. She urged Council to reconsider the amendments, citing potential conflicts with state requirements and historical accuracy.

"Nancy Shattuck voiced opposition to the proposed amendments to the 2044 Comprehensive Plan, citing concerns about transparency, the removal of equity language, and potential legal and funding risks.

"Bud Metzger... also expressed concerns about the Comprehensive Plan amendment process.

"Trish Siltala supported retaining climate change language in the Comprehensive Plan and expressed concerns about removing equity language.

"Chris Chisholm presented voting statistics from the previous November election and argued that the proposed amendments to the Comprehensive Plan do not reflect the will of Puyallup residents. He urged Council to reject the amendments and keep the plan as passed by the Planning Commission.

"John Chontofolsky expressed frustration with Council's communication process.

"Dave De Groot spoke in favor of equality over equity, using a youth hockey team analogy to argue against identity-based policies.

"Chrissy Hibler expressed concerns about the amendments to the Comprehensive Plan, particularly the removal of DEI principles and climate action language. She urged Council to reject the amendments.

"First reading of an ordinance adopting the Puyallup 2044 Comprehensive Plan Periodic Update

"Council Action: A motion was made by Councilmember Johnson, and seconded by Councilmember Giliam, to approve the first reading of the ordinance. The motion passed 4-3 (Adler, Door, Witting).

"Mayor Kastama concluded by thanking Council and the public for their participation in the Comprehensive Plan process, noting that it had been under development for about a year and a half. He emphasized that there would be additional opportunities for public input before the plan's second reading and final adoption."

The relevant minutes for the meeting on 6/17/25 included: "Council acknowledged the challenges of implementing state legislation while reviewing amendments to the Comprehensive Plan and indicated that deeper discussions on these provisions would take place in future meetings."

There did not appear to be anything relevant in the minutes for the meeting on 7/1/25 or 7/15/25.

For the 7/22/25 meeting, the minutes included:

"Lindsey Topping-Schultz expressed concern with proposed Comprehensive Plan updates, urging the City to adopt policies that support all citizens.

"Dave Wetzel criticized the removal of references to the Medicine Creek Treaty of 1854, DEI language, and climate change. He attributed the changes to party politics and urged a return to the Planning Commission's draft.

"Shannon Bennett thanked Council for recognizing youth and opposed removing DEI language. She referenced Puyallup's history with racism and stated that eliminating DEI could conflict with state law and risk litigation.

"Matthew Caras expressed disappointment with the amendments, citing personal family experiences with discrimination.

"Michael Yoder opposed the amendments, citing conflicts with state law and the risk of losing funding if federal directives are prioritized over state requirements.

"Josie Hunter opposed removing equity language and stressed the need to address climate change.

"Leslie Knight opposed reliance on federal executive orders, noting most are not court-approved, and urged adherence to state law.

"Luke Smith emphasized the importance of equity in recognizing differing circumstances and stressed inclusion on native land.

"Penni Thorpe expressed concern about proposed changes, warning they could result in plan disapproval and loss of state funding if inconsistent with regional and state requirements.

"Kathleen MacLeod used Title IX as an example of equity implementation, explaining how equity adjusts resources to meet needs and benefits all in the long term.

"Trish Siltala opposed the amendments, citing contradictions with Puyallup's values and describing the removal of race as historical regression.

"Charlene Cook expressed concern that amendments disregarded the extensive input of community members.

"Paul Rometsch described the Comprehensive Plan process as inclusive and questioned the timing of changes after completion of the final environmental review.

"Joe Colombo opposed the removal of climate change references, citing recent flooding events as evidence of risk.

"Karen Urlie opposed removing language addressing vulnerable populations and described the amendments as harmful and regressive.

"Elise Deguisseppi opposed replacing 'equity' with 'equality' and the removal of tribal history language, citing potential violations of state law.

"Gabrielle Irlie opposed the amendments, urging Council to retain equity language and acknowledge tribal history.

"Sara Blakey emphasized the importance of equity before equality, voiced concern about executive orders, and urged preservation of inclusive language.

"Libbie Bristow supported broader representation in City committees to ensure diverse perspectives.

"Linda Saarela thanked Council for listening but opposed changes she said would create division and diminish the City's welcoming reputation.

"Jon Goebel opposed removing references to socioeconomic hardship and native contributions, describing such actions as dishonoring the community.

"Andrelyn Izquierdo emphasized access to abortion healthcare as essential, particularly for vulnerable populations.

"Roger Tanquiel opposed the removal of equity language, tribal history, and DEI provisions, citing concerns about partisanship.

"Lauren Starina opposed the removal of DEI language, citing her experience with diverse youth in City programs.

"Heather Schiller opposed the removal of state-required equity language and tribal history references, warning of funding risks.

"Laura Penalver-Vargas opposed the amendments, stating they disregarded indigenous history in favor of pro-development policies.

"Vicki Burk criticized the removal of DEI language and protections for marginalized groups, warning against repeating historical mistakes.

"Pennie Saum opposed removing equity and tribal language, noting recent Council commitments to those principles.

"Jenn-Marie Strickling Severns criticized the amendments as reckless and partisan, urging alignment with state law.

"Jen Rittenhouse opposed changes replacing 'equity' with 'equality' and erasing tribal history, urging leadership grounded in honesty and justice.

"Jeff Watson stated that Washington law requires equity in Comprehensive Plans and urged Council to adopt the original draft.

"Nancy Shattuck opposed the removal of equity and tribal language, emphasizing systemic barriers and generational inequities.

"Eladio Vargas urged Council to prioritize truth in policymaking to avoid repeating historical mistakes.

"Melissa Bedford opposed the amendments, stating they send a message of exclusion to people of color.

"JMarie Johnson-Kola opposed the amendments, arguing they exclude diverse community voices.

"Dave DeGroot supported the amendments, arguing that equity undermines constitutional equal rights.

"Kristi Wright opposed replacing DEI with equality language, warning that it undermines accountability and recognition of historical disparities.

"Erik Showacy opposed vague references to executive orders, warning of potential misuse and legal risk.

"Janet Hunter opposed the removal of tribal history and climate change language, emphasizing the importance of truth and tailored equity.

"Amelia Gluba opposed the amendments, encouraging Council to retain history, DEI, and climate change language.

"Bud Metzger emphasized the importance of public involvement and opposed assumptions that silence equates to support.

"Chris Chisholm expressed concern that amendments misrepresented community views and urged collaborative compromise.

"Marianna Hyke opposed the removal of DEI, citing her labor and community experience and the negative message such changes send.

"Jemma Stormhart opposed the amendments, citing conflicts with state law and disregard for tribal history.

"Morgen Asher emphasized climate action and recognition of indigenous history in future projects.

"Carol Colin expressed concern about political alterations to the plan and emphasized preserving diversity.

"Breanna Soliz opposed the amendments, citing personal experiences with incomplete education on local history.

"Susan Doverly criticized Council for being unwilling to embrace change and listen to constituents.

"Bailey Summerhill opposed the amendments, describing them as regressive and inconsistent with the City's history."

The minutes also included:

"Senior Planner (SP) Kendall Wals presented second reading of an ordinance adopting the Puyallup 2044 Comprehensive Plan Periodic Update. This plan includes a series of amendments focusing on zoning, housing, and developmental trends for the upcoming years, aiming to provide clear guidance and planning related to future city development, infrastructure, and community goals.

"During the discussion, Council expressed mixed reactions to the ordinance. While some highlighted their concerns about potential legal risks and public dissatisfaction resulting from the amendments, others recognized the value and necessity of updating the Comprehensive Plan.

"Several Councilmembers highlighted the contentious nature of certain amendments, such as those related to diversity, equity, and inclusivity, emphasizing the public's opposition. Others brought attention to the importance of adhering to state law while implementing local governance measures. They stressed the need for future discussion and potential modifications to create wider acceptance and ensure the plan's objectives align broadly with community values and expectations.

"Council Action: A motion was made by Councilmember Johnson, and seconded by Deputy Mayor King, to approve second reading of the ordinance. With a roll call vote, the motion passed 4-3 (Adler, Door, Witting).

"Councilmember Johnson expressed his appreciation for the exercise of free speech displayed by attendees and reflected on the importance of maintaining nonpartisan governance despite partisan dynamics in the meeting. He acknowledged both the courage displayed by those who voiced dissent within their party as well as Mayor Kastama's leadership during the session.

"Deputy Mayor King expressed gratitude to everyone who participated in the meeting, acknowledging their comments, concerns, and dedication.

"Mayor Kastama expressed his appreciation for the high turnout and public engagement during the meeting, noting it had been a while since so many citizens attended, indicating the vitality of civic involvement."

CONTACT WITH POSTAL CARRIERS

The afternoon of 6/11/25, I made phone contact with Anthony Williamson. He advised he had spoken with the female homeowner on Monday (6/9/25), who told him somebody put something "nasty" (with no further description) in her mailbox. He stated, "It was not me." He mentioned that he was off on Thursday and the carrier who covered for him was Wenyi (he was not sure of his last name). I explained that the mailbox had not been checked in about ten days. Anthony confirmed that if a piece of mail does not have postage on it, it does not go in the mailbox. When I described the piece of paper, he said he would not have noticed it. He elaborated that the mailbox is locking and has just a small slit-like opening to place envelopes inside it.

I then spoke to Wen Yi Chen over the phone. Since it was not his normal route, he was unfamiliar with the address when I gave it to him. I described the piece of paper and he said he had no idea about that. He confirmed the normal procedure of mail delivery described by Anthony. Wen lives in Federal Way with his brother, but still uses his address in Clinton for mail.

CONTACT WITH GREGORY LOWELL (KENYA'S HUSBAND)

On 6/13/25, I received a voice-mail from Gregory Lowell, Kenya's husband. He relayed that Kenya asked him to call me. On 6/16/25, I spoke to him by phone.

Gregory advised he had been in Japan for two weeks. He confirmed that Kenya does not check the mail very often. He believed he left on 5/28/25, but said he would double-check that. He said it would be difficult not to trip the camera's motion sensor if accessing the mailbox (he said the fish eye lens captures the view reasonably well), but acknowledged it is possible. He said he has noticed that when he takes out the recycling/trash, the camera activates when he goes outside, but not always when he comes back in.

I asked when Kenya told him about the letter. Gregory said she informed him "maybe a day after" she received it. He knew it was before she reported it to the police. I inquired how she sounded when she gave the news. He said she was "very vague" and initially did not sound too worried. She basically said to him, "I got a threatening letter in the mail." She did not want to read it to him. Gregory believed Kenya was displaying "false confidence", because she called him back later and said, "Actually, I'm kinda scared." Once she gave the police the actual letter, she sent Gregory a picture of it. Once he read the content, he became understandably worried.

Gregory confirmed nothing remotely close to this has happened before. He said he has gone to a few of the commission meetings. He advised most of the commissioners seem to be on board with Kenya's beliefs about the language that should be in the plan. He acknowledged one was not and identified him as David De Groot, who has proposed amendments to remove the language about DEI and the Puyallup Tribe. He said David "has really focused in on that stuff". Gregory said there has not been much public comment at any of the meetings he has gone to. He mentioned the one meeting with a lot of comments was regarding the hospital.

Gregory said the lesson he has learned from this is to check the mail more often. As for Kenya, he said she has been going outside even more than she used to. He believes she is determined to put on a brave face. He stated Kenya has not told her sister about it because she does not want her to worry or be involved. He advised the sister, Shonda Barnett, is "innocently ignorant". Kenya is concerned Shonda would tell her mother. I expressed that I wanted to speak to Shonda about this and Gregory asked for a heads up so they could tell her first.

I asked Gregory if he believed the threat was legitimate. He thought it was and mentioned the two politicians in Minnesota who were shot recently. He said Kenya seems to think the suspect is more a crazy person than a legitimate threat. Gregory mentioned he might be more worried about the dog than his wife, although he acknowledged that did not sound good.

Gregory said Kenya is "actively fighting" to put the controversial language back into the comprehensive plan. He believed the version in front of city council has that language taken out of it. I asked for an example of the language and he mentioned something about Puyallup being founded by the Tribe of Indians.

I brought up the "Miss 40" reference. He said that is one of the first things you see if you Google Kenya's name and did not believe it was difficult information to obtain.

Gregory advised Kenya is serving a four-year term that started two years ago. She became chair of the commission in March 2025. As for the previous chairperson, he relayed that they are not a commissioner anymore, but they shared similar opinions with Kenya (about the specified topics).

CONTACT WITH SHONDA BARNETT

Following my talk with Gregory, I e-mailed Kenya that Shonda should probably be warned about the situation, especially since she resembles Kenya and has a dog at the residence as well. I also wished to ask if she had noticed anyone suspicious loitering around the home.

Kenya replied: "It's not that Shonda is completely unaware... she just isn't aware of the extent to which the letter has gone. I've told her she needs to be more vigilant, stop making friends with random strangers and let me know of any odd text messages or anything that comes in. Shonda has recently moved here from Florida so honestly a lot of people who might think to bother her don't even know she's here. She will not do well with the stress, and she will probably be terrified. She's my older sister, but in most ways I've always taken care of her. I've made it to Oregon, some of my tribal clients were happy to have me stay on

reservation, so I will be away for a couple of days to take a break from Puyallup life. Should you need anything from us Gregory is home with Shonda, and we have friends in the area looking in on both of them."

On 6/26/25 at 1524 hours, I contacted Shonda by phone. I introduced myself and she confirmed Kenya had already notified her I might be calling. She said Kenya showed her a picture of the letter that week, so she knew the extent of the threats. Prior to that, Shonda had become aware of an incident having occurred after she saw my business card on the table and asked Kenya about it. Kenya merely told Shonda to be careful, stay in the house at night, and lock her car door. Shonda asked what it was about, but Kenya did not want to talk about it. Kenya said they would talk about it as a family when Gregory returned from Japan. Kenya has more recently relayed to Shonda that she had not wanted to alarm her (by giving more details).

I inquired if Shonda had noticed anyone strange loitering around the house or mailbox. She could not recall anyone out of the norm and mentioned she is gone most of the day at work. She advised they are being "more diligent" about their surroundings as a result of the threats.

I mentioned that I had contacted several commissioners regarding the incident (see below). I alluded to one who has disagreed with Kenya in the past. Shonda said she knew exactly who I was talking about and advised he and Kenya do not see "eye-to-eye", but said she did not think he was capable of something like this.

CONTACT WITH DAVID DE GROOT

On 6/23/25 at 1004 hours, I attempted to contact commissioner David De Groot by phone. There was no answer, so I left a voice-mail. The recorded greeting identified the user as "David De Groot".

On 6/26/25 at 1519 hours, I called him again, since I had not yet received a response. I left another voice-mail after he did not answer. At 1613 hours, David called me back. I introduced myself and vaguely explained what I was investigating (that one of the planning commissioners had received a threatening letter and it referenced the comprehensive plan).

David said he had not previously heard anything negative or threatening towards Kenya. He admitted it was "no secret" that they have a "difference of opinion when it comes to politics". I asked him to explain that. He said the comprehensive plan creates a "division" that he believed was "bad policy" and he has been saying that he does not like things that call out people by race. He mentioned there are many features that focus on that specifically and he considers it a "dead-end street". He said people "dig into the past" as a reason to be angry. He advised his argument is that we need to find a place where the "pendulum stops in the middle".

David acknowledged that there are a lot of people who are more on the "progressive end of the spectrum" who feel his stance is about being "anti-somebody", but he denied that was the case. He said he has been "very open" about his position on these somewhat controversial matters.

David stated he does not know where Kenya lives. He said he does not know where that letter would have come from and described it as "pretty weird". He stated, "This is not something that we want to happen to any of us."

I told David I had reviewed the minutes of numerous meetings and noticed Kenya had voted against some of his motions and vice versa. He recalled other commissioners seconded the motions then voted against them, but he did not sound particularly bitter about it. He repeated that they have different opinions about certain matters, but assured me their relationship is not hostile.

CONTACT WITH HARRY ARTHUR SEELEY

On 6/23/25, I contacted Harry "Art" Seeley by phone. I gave a basic explanation of my investigation. He said, "That's news to me." He advised there have been some disagreements between Kenya and one commissioner, who he identified as David De Groot. Harry remembered David put forth several amendments to strike out a lot of the items that dealt with race and that type of thing (he mentioned the word "equality" and

the Puyallup Tribe). Harry objected to these, as did the rest of the commissioners, who did not agree and voted against him. Harry relayed that Kenya had said she could not understand why anyone would want to disregard history.

Harry could not think of any private citizen who vocally opposed or who voiced concerns/complaints about the language Kenya was a proponent of. He mentioned she has spoken before council about these issues as well.

Harry stated, "There's going to be controversial stuff at times." He said the way they handle it is, "We talk it out, vote, and usually it ends there."

CONTACT WITH RICHARD KIILSGAARD

On 6/24/25 at 1123 hours, I attempted to contact commissioner Richard Kiilsgaard by phone. There was no answer, so I left a voice-mail. He called back immediately.

After I relayed the gist of the matter, Richard said, "I have never heard anyone in anger at Kenya." He described her opinions as "very professional" and said she follows the Robert's Rules of Order. He mentioned she has had one "semi-spirited conversation" with another board member, David De Groot, but it "did not go anywhere". He said it was "just a disagreement on philosophy".

Richard did not believe David would have written the threatening letter. He mentioned only one person who "shot her mouth off" at a winter meeting, and that was Kathy Turner, the ex-mayor. She had made a speech regarding the state mandates on zoning issues and the homeless. He said that people do not understand the planning commission does not make any rules and is simply an advisory committee to the council. He stated, "Everything we're doing is mandated by the state."

Richard was very complimentary of Kenya and the other planning commissioners and said, "If there's a dumb person on the board, it's me."

KATHY TURNER COMMENTS

I located the meeting Richard was referencing. It occurred on 12/11/24 and the minutes referenced Kathy Turner's comments: "Kathy Turner expressed concerns about the potential impact of state housing legislation on the preservation of the city's small-town character."

I watched the video clip of this meeting. Kathy began speaking at about the 44 minute mark. There is indeed criticism, but it is well articulated and does not seem particularly volatile. She ended with, "I hope our city leaders find bravery and even consider suing the state. At least be loud. Don't be the author of the defamation of our downtown and residential neighborhoods."

The content of Kathy's speech does not appear to have anything to do with the topics addressed in the threatening letter.

ADDITIONAL CONTACT WITH KENYA

On 6/19/25, I received a voice-mail from Kenya asking for me to call her. I e-mailed her to ask if she needed contact over the weekend or if it could wait until Monday (6/23/25). She advised we could chat when I returned to the office. I ultimately did speak to her on the phone and she essentially just wanted an update on the investigation.

On 6/28/25, Kenya sent me an e-mail, which began with the following: "I received an email from a commissioner 'apologizing' and clearing their name, saying they have in no way acted purposefully concerning the comprehensive plan..." I replied to request she identify this commissioner and forward me the e-mail. She did not, citing rules for sharing e-mails and suggested I make a public disclosure request to obtain that.

On 7/2/25, Kenya wrote me the following e-mail: "This morning I received a threatening phone call from the following number: 1-(810)-498-1736. It was a recorded voice. Normally, I wouldn't answer it but I was driving and the number was from MI where I have a client I am building a hotel for... could you check into the number." I replied back less than 15 minutes later with, "That is a non-fixed VOIP serviced by Onvoy. What were the threats, exactly?" She did not address my question about the threats and instead asked if all the phone numbers were Onvoy. I answered that not all of them were. She wrote on 7/3/25 that she had decided to take a vacation away from Puyallup for the foreseeable future.

On 7/23/25, Kenya e-mailed me again: "Today I received another call from a recorded voice talking about the city and the comprehensive plan. Phone Number: 7 044 71 0850... I haven't returned home... have you made any progress?" I returned from vacation on 7/28/25 and replied to her, asking, "Do you have any specific details of that call, or a recording?" She did not give me any further details about the call, but responded, "We are looking at finding a way to record incoming calls... Turns out you can just record phone calls now straight on your phone. The next one will be recorded".

SEARCH WARRANT TO RING

Due to the task of providing me with every Ring video being understandably daunting for Kenya and to ensure each one was appropriately collected, I authored a warrant to search Ring's records for the video clips. Additionally, Ring has a "Snapshot Feature" that enables the Ring device to record still images even when there is no motion in camera's field of view that would normally trigger video recordings. These still images are captured at fixed intervals of 30 seconds up to 3 minutes. The still images may contain important information not normally captured on video.

The Honorable Judge Matthew H Thomas with the Pierce County Superior Court approved the warrant and it was served electronically on 6/10/25.

ADDITIONAL RING VIDEO FROM KENYA

On 6/11/25, Kenya uploaded 132 clips from her Ring video camera to Evidence.com, per my request. They were dated between 5/26/25 at 0751 hours to 6/6/25 at 2113 hours.

ANALYSIS OF RING VIDEO

On 7/8/25, I received a response from Ring staff that provided subscriber information for the Ring account, showing it was created in 2022 for K Jones-Lowell using kenyajonesdesign@gmail.com. However, none of the clips were included. In one of the documents provided, the Ring staff member wrote, "Ring reserves any and all objections that Ring might have with respect to this law enforcement request, including that the information and/or records requested are unusually voluminous in nature and that compliance with such order otherwise would cause an undue burden on Ring."

Since Ring neglected to produce the videos that were requested in the search warrant, I replied back that failure to do so could be considered contempt of court. That same day (7/31/25), Ring furnished all 138 of the clips, which were dated between 5/26/25 at 0751 hours and 6/6/25 at 2312 hours. The six video clips that Ring provided that were in addition to the ones Kenya gave were each one second long and provided no evidentiary value.

The majority of the clips show Kenya, Gregory, and Shonda coming and going from the house. They also captured postal workers Anthony Williamson (on multiple occasions) and Wenyi Chen (on 6/5/25), both of whom can only be seen delivering envelopes and junk mail, but no solitary pieces of white paper. There were other persons recorded delivering food or packages. I noticed that the Ring camera would consistently show the residents taking out trash, but it would not show them re-entering the house. The following are notable incidents worth mentioning:

5/26/25 at 1022 hours - Gregory appears to check the mailbox, but retrieves nothing from it (this was articulated earlier).

5/26/25 at 1747 hours - An Asian male makes a delivery, but puts nothing in the mailbox.

5/26/25 at 1756 hours - A white male appears to be making a delivery in a Target bag and makes contact with Kenya while doing so. He does not go near the mailbox, but is not captured leaving.

5/27/25 at 2007 hours - An unknown mixed race female exits the front porch then rings the doorbell. She drives off in a white sedan without contacting anyone.

5/31/25 at 0928 hours - An unknown mixed race female makes a delivery inside the porch area, but is not captured leaving.

6/2/25 at 1635 hours - A white male salesman using a hoverboard rings the doorbell, then says he would come by later after Kenya appeared busy. He does not go near the mailbox.

6/2/25 at 2334 hours - A white female deliveryperson brings a bag into the porch area, but is not captured leaving.

6/3/25 at 1119 hours - A blonde white female FedEx deliveryperson delivers a package, but does not go near the mailbox and is shown leaving. She does the same thing on 6/6/25 at 1254 hours.

6/3/25 at 1815 hours - An elderly white female deliveryperson brings a bag into the porch area, but is not captured leaving.

6/3/25 at 1835 hours - A possibly Hispanic male deliveryperson sets a bag on the front steps, but is not captured leaving.

6/5/25 at 1109 hours - Kenya seems to reach down and lift the lid to the mailbox (when comparing this to the sound made by the postal workers, it is clear this is what happened, even though the mailbox itself is not within view), but she does not place anything inside or retrieve anything from it.

6/6/25 at 0557 hours - A white male milkman makes his delivery and is shown returning to his truck without going near the mailbox.

6/6/25 at 1348 hours - A bearded white male postal worker in full USPS uniform delivers what is clearly a single envelope to the mailbox. This employee was later identified by Uwomona as Daniel Glenister. I later spoke to Daniel by phone. He did not recall the delivery, but assured me he would not place anything without postage into the mailbox.

There are no clips showing Kenya, Gregory, Shonda, or anyone else collecting the mail from the mailbox.

PUBLIC RECORDS REQUEST

On 7/28/25, I was notified that the Seattle Times submitted a public records request for this case. It was not released due to being an active investigation. It is unknown who tipped off the newspaper about this incident.

THE NEWS TRIBUNE ARTICLE

On 8/2/25, The News Tribune published an article titled, "Police investigating after Puyallup planning official reports disturbing threats". This can be found at this website: www.thenewstribune.com/news/local/community/puyallup-herald/ph-news/article311555085.html.

The article included, "The letter Chair Kenya Jones-Lowell received, shared with The News Tribune, includes explicit death threats, the threat of sexual violence and racial slurs, among other obscenities." It continued, "Jones-Lowell, who is Black, agreed to speak with The News Tribune on Friday about the threats she received. She emphasized that she was speaking in her personal capacity, not on behalf of the city or in her role on the commission. She said she first received a series of unusual text messages starting in late May that tried to get her to confirm her address. On June 6, she found a threatening letter in her mailbox, which she said video showed was hand-delivered."

This last line is inaccurate, based on the video I had reviewed. There are no video clips showing explicit proof that the letter was hand-delivered. It should be noted that the police department did not share any details of this investigation with the media, nor did we advise Kenya to do so.

On 8/3/25, The News Tribune updated the article that Puyallup City Council members had sent a statement to them condemning the threats.

FINGERPRINT RESULTS

I was notified that the results had been obtained for the fingerprinting of the letter. The only matches were for Officer Wiseman (who handled the document during the initial contact with Kenya) and Officer Nelson (who confirmed he was handed the document by Officer Wiseman to read before it was booked). Two fingerprint impressions and a palmprint impression remained unidentified.

ADDITIONAL CONTACT WITH KENYA

On 8/4/25, I e-mailed Kenya: "Are you able to share any specific details of the calls from 810-498-1736 and 704-471-0850? You mentioned they were threatening, but I would like to know exactly what that means. If you could relay any exact quotes or even a general synopsis of the conversation, that would be great. Could you also share screenshots of the calls from your call log? I can possibly pursue a search warrant for information on who was using those numbers if I can show they were related to the original report of threats." I also included a screenshot of the female captured on 5/27/25 at 2007 hours and asked who that might be.

Less than half an hour later, I also e-mailed Kenya: "In order for me to make a PDR request for the e-mail you are mentioning below, I at least need the date that it was sent. That way, I can ask for any e-mails sent to you (kenyajonesdesign@gmail.com, unless it was a different address - please advise) and the entire city council on that date and that will narrow it down sufficiently. Thank you."

On 8/7/25, Kenya answered with the following: "I went thru my accounts and I was able to find a delivery that was recorded as 8:07 pm, so that is probably this. Sometimes that camera just doesn't catch people coming and going, especially in the evening." She did not address my questions about the phone calls or e-mail at all.

On 8/15/25, Kenya left a voice-mail on my desk phone asking for a call back. She also e-mailed me a question about cell phone record retention. I was not on-duty at the time, but called her back on 8/18/25 when I returned to work. I answered her question and requested screenshots of the above-mentioned calls again. She said she would try to get the screenshots, but advised her phone had been recently stolen. I apologized about that and asked for more details, but she did not have many, advising it was either stolen or lost. I then asked explicitly what the threats had been from 810-498-1736 and what was said by the caller from 704-471-0850. She said she had written down the content of the calls in a spreadsheet somewhere and would forward that to me when she was done with work for the day.

On 8/19/25, Kenya shared a screenshot she had saved related to the incoming call with 810-498-1736, showing it occurred on 7/2/25 at 0745 hours and lasted 46 seconds. She asked if that was good enough to start the rest of my search. I replied, "Thank you for that. I cannot write a search warrant for anything related to that number without a detailed explanation of what the caller said. All I know so far is that it was a 'threatening' call from a recorded voice." She responded, "I can write a written statement based on what I can remember. Are there any specific details you need it to include? Do you know if it needs to be signed?"

On that same e-mail, Kenya provided a screenshot of a spreadsheet she had created to document this incident. Next to the screenshot of the call details described above was an entry dated 7/2/25. It read in part, "Received a phone call from Michigan from a number I did not recognize. I answered the call because it was from Michigan and I thought it could of been someone from either Davidson Hospitality or Bicycle Street Inn/Carousel/The Grand which is one of my hospitality projects. A beep at the beginning of the call and a masculine recorded voice starts to say threatening things. They stated my name, and say that they have been hired to take action against me. The caller called me a slur and threatened to bring a law suit against me if I don't stop. I don't recall saying anything to the caller at the time of the call."

Below this entry was another, dated 7/23/25, which read: "Today, I received another phone from the voice. The caller seemed 'happy?', perhaps happy is not the right word, they seemed taunting. They mentioned that the CoP Comprehensive Plan had passed and that they knew that council would do what was right even with all the people. I hung up. I was already hot because I was in Texas and the call irritated me because I have not interacted with the comprehensive plan after forwarding it to the city council. Yet, they were still calling me about it to gloat about its passing. I did not attend the council vote because I thought people would be more upset if I was there, and apparently the police already told council about the letter,

which doesn't help me prove what they did, and of course also means at this point half the city/all the political people know. I'm not quite sure which of those things is worse but I'm happy I am not in the city right now. I don't think it is a good idea to go to tonight's commission meeting."

In the notes section next to this entry is written: "Tracking on Call shows the same number calling me at the same time, but one call is from USA and the other is Russia?? Will ask KSJ about the internet call thing again. Probably time to submit the Records Request even though I going to get flack for it."

An entry dated 7/31/25 read: "Lock at front door of house tampered with. I checked cameras, no one seen on camera. Kindof weird because no one knows I am home yet and I didn't leave the house for very long. I will probably leave again this weekend just in case."

An entry dated 8/2/25 read: "The blonde lady in the red car is back again and watching the house. Gregory and I pull up, and then Shonda gets in her car to leave. Lady leaves after she sees me. Shonda doesn't know how long she was there for.... Checked cameras, Shonda doesn't show when she arrived but her car is visible in the background for at least 30 minutes. Was able to get a photo of the car this time."

An entry dated 8/8/25 read: "Phone Stolen" with a location of "Puyallup Mall". A note read: "NOT GOOD. Need to get phone back or wipe of information."

Kenya had never told me about the incidents on 7/31/25 and 8/2/25. At the bottom of the spreadsheet were multiple tabs, which were labeled, "TIMELINE", "SUSPECTS", "PPD KNOWS", "THINGS PPD DOESNT KNOW", "THINGS WE NEED RR TO PROVE", and "OPEN RECORDS REQUEST". This struck me as strange because Kenya had never offered any names of potential suspects, and I was curious about what "PPD" (which I assumed meant Puyallup Police Department) did not know that Kenya did.

On 8/19/25 at 1500 hours, I replied back to Kenya, "An e-mail is fine. I just need to know what they said and the nature of the threats. Are you planning to share any information from the 'SUSPECTS' or 'THINGS PPD DOESNT KNOW' tabs? Anything might help..." After receiving no response by 8/25/25, I called Kenya at 1106 hours. I advised I was following up on the e-mail I had sent and asked if she received it. She took a moment to pull it up and confirmed she still needed to send me her statement. I reminded her about the tabs and said I would love to know any information about potential suspects or any other details that might be relevant to the investigation. After a brief moment of what seemed like hesitation, she answered, "I don't know if there would be anything." I again stressed that I wanted to be thorough and inquired if she had any suspects in mind or pertinent information. She answered, "I don't think that I have anything that I can give you from there right now." These responses struck me as strange and not entirely forthcoming.

At 1206 hours, Kenya called me back. She advised she had trouble hearing me on the earlier call. She repeated that I had asked what information was on those tabs. She explained, "I am running down information that I was made aware of." She did not go into further detail. Kenya said she had put in a public records request with city hall. I inquired what information she was trying to obtain. She answered ambiguously, "Just some communications that I was made aware of." Kenya stated she had received about 300 pages of documents, some of which was redacted, and advised more was going to be released to her 9/13/25.

I asked if Kenya's records request was in reference to the e-mail she had alluded to previously. She said that was in there, but advised it was beyond just that. She said she asked for things that she knew were happening that would not normally be available to the public (as in, via meeting minutes). I encouraged her to elaborate. She answered that "some conversations have been had" that include language similar to what was in the letter. I asked who these conversations involved, but she would not say.

Kenya expressed that she was "concerned" because she has heard people talking about the things we are investigating. I mentioned that she had gone to the news, so lots of people knew about this from that. I assured her the details from my report had not been shared with anyone outside law enforcement, stressing that even when I spoke with the commissioners, I did not offer specific details about the letter.

I told Kenya that we had the same goal, which was to figure out who did this. I advised that it seemed like she was conducting her own investigation, which was perfectly fine, but if she had developed any information that would assist with my investigation, I would appreciate it and wanted to know what it was. She responded that she will give me as much information as she could "as soon as I have something you can use". She explained she had to go through the public records she had received and get back to me. She mentioned, "I have a working theory", so I asked what that was. She said she was trying to find details to support that before sharing it with me. Kenya emphasized, "As soon as I have something, I'll tell you."

I brought up the "Things PPD Doesn't Know" tab again and asked what was in it. She said those details "might be unrelated" without saying what they were. She went on to relay that she thinks she knows some individuals who have something to do with the letter, but she does not know how they brought it to her house. Again, she did not share who she was thinking of, even when I asked directly. As a rationale, she said she did not want to throw out a name without proof.

I told Kenya we needed her fingerprints for comparison to the unidentified ones on the letter. She advised she was available for this later that week.

It felt to me during our entire conversation that Kenya was deliberately withholding information from me which could be relevant to this investigation, and even when confronted, she maintained her vague responses. This has not been my experience with victims of similar crimes, who usually jump at the opportunity to help me be as thorough as possible.

On 8/26/25 at 1351 hours, Kenya e-mailed me: "I will be there at 8:30 on Thursday morning... Also, today/tonight, I am in Bremerton hosting a panel for the Safety and Advancement of Women in Construction in honor of Women's Equality Day. I am not participating in a protest, I did not organize a protest, I didn't even know a protest was happening. Gregory is in the military, and I am a city volunteer; we can't just go around protesting city leadership. Gregory planned to speak at today's meeting because he was royally pissed off that the Mayor decided the appropriate place to approach me with his thoughts on the situation was in the bottom of city hall. Yes, he was upset about that and thought it was inappropriate but we didn't organize a protest because of it."

I had not heard of any planned protest, but knew there would be a city council meeting that evening. I replied, "I am not aware of any protest, but thank you for letting me know. I appreciate your confirmation for Thursday as well. Perhaps you could bring your statement about the phone calls then."

On 8/27/25 at 0342 hours, Kenya e-mailed me: "I would like to cancel my appointment on Thursday morning." At 0628 hours, I responded, "Ok, not a problem. Would you like to reschedule for Friday or sometime next week?" At 0651 hours, she wrote, "No thank you". I was surprised to read this, because obtaining her fingerprints is an important step in the investigation and I expected her to be willing to fulfill that request.

On 8/27/25 at 1211 hours, I called Kenya to follow-up. I asked if it was an availability issue or if she simply did not want to do the fingerprinting anymore. After a pause, she answered, "I am not sure." She elaborated, "We did not have a very good night last night" and alluded to "everything that happened" with the city council meeting. I was aware there had been a small protest, but she did not go into more detail. She explained that Gregory wanted to come with her to the station for the fingerprinting. I asked if she needed him there for a certain reason or just as support. She answered, "I think that he wanted to be there." I encouraged her to ask Gregory when a good time would be so we could schedule something. She mentioned he would be going on lunch soon.

I asked Kenya if there was a specific reason Gregory wanted to come. She said he was "just concerned" about what happened yesterday. I inquired what happened. She answered, "It was a very long day yesterday." She elaborated that, "We were not very happy with the council's comments and the individuals who spoke at council". She also expressed her unhappiness at "some of the things they have been doing in our neighborhood." She stated it was "not great" to see "sort of everyone together in one room".

We concluded our conversation in apparent agreement that Kenya would talk to Gregory and get back to me. I sent her an e-mail to "recap" our conversation afterwards.

On 8/27/25 at 1543 hours, I received a call from Gregory. He said Kenya did not want to come down to the police station tomorrow unless I (myself) was there. I confirmed I would be and he advised they would arrive at 8 AM.

MINUTES FOR THE CITY COUNCIL MEETING ON 8/26/25

I later reviewed the minutes for the 8/26/25 city council meeting. They included the following: "Steve McCoy thanked Council for removing DEI language from the comprehensive plan, arguing it undermines individual merit" and "Dave DeGroot praised Councils focus on equality in the Comprehensive Plan, referencing historical figures who advocated for equality to ensure a just society." These were likely the comments that Kenya had been referencing.

COMPARISON FINGERPRINTING

On 8/28/25 at about 0835 hours, Kenya and Gregory arrived at the Puyallup PD lobby. Evidence technicians Jenna Sweet and Emily Fox facilitated taking her fingerprints and palm prints for comparison. Kenya handed me a USB that she said had her statement and some of what she had received from city hall thus far.

CONTENT ON USB DRIVE

There were ten documents showing apparent transcripts of David De Groot's comments to city council members. These were dated 10/15/24, 11/12/24, 1/28/25, 3/11/25, 5/20/25, 6/10/25, 7/21/25, and 7/22/25. There were also several documents showing his apparent notes and commentary on the comprehensive plan, dated 5/27/24 and 6/25/25. Not surprisingly, the content of most of these show his opposition of "identity politics" and certain terms he describes as "progressive" in the plan (including "equity").

The USB also contained Kenya's written statement regarding the phone calls, which reads as follows:

"Below is a statement of the phone calls that I received on my cell phone related to the Puyallup Comprehensive Plan. In addition, to the text messages previously received, the letter, which was turned over to the Puyallup Police Department, I receive two phone calls one on July 3rd, 2025 and one on July 23rd, 2025.

"I received the July 3rd phone call while I was driving to a carpool on my morning commute. The message was displayed from Michigan, and I answered the phone because I believed it to be a client from a recent hotel that I had remodeled on Mackinac Island. When I answered the call I heard a beep, and a robotic male voice came over my Carplay. The voice used my name and began to say that they had been hired to act against me, the caller called me a bitch, and said multiple times/ways they retained to take actions, that I would have a court case brought against me immediately if I continued to speak. The language made it seem like they planned to do something imminently. I hung up the phone as soon as I could. I left Puyallup the next day.

"While on my extended trip I received a second phone call on July 23rd, 2025 while I was in Austin, Texas. The caller was the robotic voice again. I do not remember hearing a beep at the beginning of the call. The call was taunting. It caught my attention because because again they said my name, and they immediately began talking about how they were right and that council passed the comprehensive plan. They talked about how all the people I had show up didn't matter. I hung up the phone. I didn't tell people all those people to go to the city council meeting, I had not watched the whole video so at the time I wasn't aware that like 150 people went to speak against the amendments, you also cant see really the amount of people in the building from the cameras.

"These are all the things that I remember about the phone calls."

It should be noted that Kenya had previously e-mailed me on 7/2/25 advising the first phone call described above (from 810-498-1736, notably a Michigan area code) had occurred that morning. She also provided a screenshot proving that. Therefore, the date on her written statement is inaccurate.

FURTHER CONTACT WITH KENYA

Back in the interview room, I asked Kenya about what was on the USB drive. She confirmed it was all related to David De Groot. She expressed her surprise by how much content was actually delivered to her, because she expected there to be less. She said there would be hundreds of pages more for her to get through and she would provide to me what was relevant. I asked if Kenya was able to provide me with her spreadsheet and she said she would when it was done. I asked Gregory if he had seen the spreadsheet. He said he had just heard about it, but not seen it.

Kenya stated that David acts and speaks differently to her when in the public eye versus passing her in the hallway or in the elevator. She described him as "mean". I asked for her to give me a specific example. She advised he was "mean" and that she wanted to leave it at that.

On 8/28/25 at 1417 hours, Kenya called me. She mentioned that I had been asking about who else might have been involved. Although she admitted she could not get proof of this and she did not know if it was actually helpful or not, she wanted to tell me about it. She began to tell me about something that happened at the planning commission meeting back in December, the same one where Kathy "yelled" at them. She said Mayor Jim Kastama came to the meeting with Kathy. She advised the mayor took pictures of Kenya and Heather (another commissioner) while they were on the dais. She said she reviewed the video of the meeting, but he was not sitting within view of the camera. I asked what he would do with those pictures and she expressed she would be concerned if he gave them to someone.

Kenya alluded that she believed David De Groot has protection from "there". I asked if she meant the Mayor or city council in general. She answered, "A collection of them." Kenya said that she thought she was going to be able to find proof of conversations about changing the comprehensive plan (via her records request). She said the material she has seen thus far shows David has been on a "9 month long campaign" to say bad things about her.

SEARCH WARRANTS TO FLOWROUTE AND AT&T

I determined 810-498-1736 was a non-fixed VOIP serviced by Flowroute and that 704-471-0850 was a landline serviced by Bellsouth (the parent company of which is AT&T). I authored warrants to search the records of both companies for information related to these numbers. These were approved by the Honorable Judge Alicia Burton with the Pierce County Superior Court and served electronically.

FLOWROUTE RESPONSE

On 9/5/25, Flowroute staff responded with the requested records. The subscriber information for 810-498-1736 for the date range July 1, 2025 to July 3, 2025 was listed as follows: Sudovox LLC, 1402 Arrowsmith Ave, Orlando, FL 32809, Clyde Cox, cj@sudovox.io, (407) 340-9980. The subscriber signed up for services on July 16, 2012 and the signup IP address was 67.176.225.157. The payment information on file was under the name Clyde Cox at the above Orlando address.

The call records showed there were outbound calls made by 810-498-1736 to 335 different numbers (with dozens of different area codes) between 7/1/25 and 7/2/25. The duration of 146 of these calls were each precisely 46 seconds, including the call made to Kenya (704-682-5087) on 7/2/25 at 1445 hours UTC. Each of these calls were made with the IP address 34.74.149.220 (serviced by Google) with a port number of 5080.

Since the length of so many of these calls were the same, that there did not seem to be any discernible pattern in the numbers dialed, and given the sheer number of calls, I believed these were likely identical recordings. Kenya advised the content of this call was personalized towards her. However, for that

to be true, each of these calls would have to be catered to the person being called, or conversely, they were all about her. Neither of these are sensical possibilities.

I was able to reach Clyde Cox by phone. He confirmed he obtains phone numbers from Flowroute and programs them for various customers. I passed along the two numbers involved and the specific date and time the phone call took place. Clyde was able to quickly discern the number had been in use by a client of his, a debt collector (Ginsberg Stanley and Associates). After some research with them, he told me the phone call was an automated message made to Kenya Jones (I had not previously told him this name). He asked the company for the script of the phone call and later e-mailed me the following on 9/12/25:

"Following up on our phone call regarding the complaint.

"The number belongs to a client of mine, Ginsberg Stanley and Associates. They're a debt collector. They were trying to reach Kenya Jones regarding a debt. The phone number that they have for her was obtained through a service called Accurant by LexisNexus, which provides their services to collections agencies, law enforcement, legal, health care, and so on for identify verification, fraud detection and other needs.

"She's never spoken to a person, and has only received the following automated message via voicemail:

'0:00: This message serves as a legal notification for a civil complaint naming you as a respondent.

'0:06: An in-depth investigation is being conducted on your case file, and in accordance with federal law we are required to notify you at least 72 hours prior to petitioning for an injunction.

'0:19: You or your attorney have a very brief window to address this matter with our offices directly to provide a final statement for the record in your defense.

'0:30: Simply hit redial to be connected directly to our offices.

'0:34: It would serve your best interest to contact our offices before close of business today or immediately upon receipt of this message.

'0:43: Please act accordingly.

"I'll reach out and ask for a copy of the full recording."

Clyde later updated that he was unable to obtain a copy of the recording due to technical issues, but wrote, "The text script I sent is a verbatim transcript of what the recording says." Based on the evidence supplied by Clyde, it appears Kenya at best exaggerated the content of the call, and at worst fabricated it entirely to generate more alarm for this case.

AT&T RESPONSE

On 9/14/25, AT&T staff responded with the records pertaining to 704-471-0850. They included only one call record for the requested time frame (between 7/22/25 and 7/24/25), which was made on 7/23/25 at 1545 hours UTC. It listed 704-471-0850 as the "originating number" and 704-224-8303 as the "terminating number", with the "dialed number" section blank. The elapsed time was 12 seconds. There was no subscriber information for 704-471-0850.

I called AT&T to obtain an explanation. I was told by a representative that the number was not assigned to any subscriber during that time frame. It was explained that 704-471-0850 served as a "behind-the-scene" routing number for the above call, and that Kenya (704-682-5087) could not have received a call from 704-471-0850 on that day. The representative suggested I obtain the victim's cell phone records to confirm what actually happened.

SEARCH WARRANT TO T-MOBILE

It is possible that Kenya provided me the incorrect number for the second call by accident. Around 8/8/25, she advised she lost her phone and no longer had access to her historical call logs from the day in question. I never received a screenshot showing the details of that particular call, unlike I had for the first call.

Kenya's number, 704-682-5087, is serviced by T-Mobile. I therefore authored a warrant to search T-Mobile's records pertaining to 704-682-5087 on 7/23/2025 between 0700 hours UTC and 2318 hours UTC (the entire day preceding Kenya's e-mail to me). It was approved by the Honorable Judge Phil Sorensen with the Pierce County Superior Court and served electronically.

On 9/24/25, I e-mailed Kenya to inform her I was writing a search warrant for her phone records for that day (7/23/25). I explained I needed to confirm the accuracy of that number and ensure we have authentic records in case this ever proceeded to court. She replied that she went back through her emails and the number she said called her was: "7 044 71 0850". She wrote, "Which I recognize is a weird number, but I don't think I would have written it down and emailed it to you without double checking the number." It should be noted that spaces do not alter phone numbers.

On 10/7/25, T-Mobile staff furnished the requested records, which were requested for 7/23/25 between 0700 hours UTC (midnight on 7/22/25) and 2318 hours UTC (when Kenya e-mailed me about the phone call). The data revealed that Kenya received one incoming phone call during that entire time frame, at 1932 hours UTC (1232 hours PST), from 252-359-4703. The duration for the call was 17 seconds. There was a service code associated with this record (011). Kenya made an outgoing call to this same number at 2311 hours UTC (duration of 6 seconds). She then made a call at 2317 hours UTC (1617 hours PST) to 704-471-0850. It should be noted this was precisely one minute before she e-mailed me about receiving a phone call from this number. The duration for this latter call was blank and it was described as having an "Abnormal Completion".

I contacted T-Mobile staff by phone for an explanation. The employee said that according to their records, there was no incoming call made to Kenya's phone from 704-471-0850. I was informed that the blank duration and abnormal completion code meant that Kenya tried to call the number, but it did not connect. I confirmed that this could have been because the number is disconnected. (When I tried calling 704-471-0850 myself, a recording stated, "We're sorry. You have reached a number that has been disconnected or is no longer in service.") As for the code "011", this means Caller ID Presentation, which verified the number 252-359-4703 would have displayed on the screen when Kenya answered that call. A different code of "012" would be listed if the number was blocked or spoofed.

In conclusion, Kenya never actually received a phone call from 704-471-0850. Rather, she attempted to make one that did not go through.

FINGERPRINT COMPARISON RESULTS

Pierce County Sheriff's Office forensic technician Danielle McCreedy analyzed the comparison prints from Kenya and concluded they were not a match with the unidentified fingerprints and palmprint.

On 9/30/25, I invited David De Groot to voluntarily submit his fingerprints and palm prints for comparison. He agreed to do so and made arrangements to arrive at the station on 10/2/25 at about 1030 hours. He met with evidence technician Jenna Sweet (see her report for further details).

On 10/21/25, Pierce County Sheriff's Office forensic technician Sheena Meara analyzed David's comparison prints and concluded they were not a match with the unidentified fingerprints and palmprint.

FINAL CONTACT WITH KENYA

Part of Kenya's e-mail to me on 9/25/25 included the following: "Personally, knowing how upset and stressed I was after the meeting with all the different players showing up together to public comment, topped off with Dean Johnson making a speech about how I shouldn't be listened to because it's election season and I don't care about God or country as much as he does or whatever he said about allegiance. That's to say, I was a bit distraught and extremely busy at the time you needed the summary letter."

That e-mail also contained: "Now that I have more information than I did before. I am very hesitant about our upcoming vote for HB1110. The amount of coordination that is happening and the language being used around housing, race and people of color and specifically black people becoming home owners in Puyallup, and where they deserve for those houses to be is... concerning. The information I have shows they been developing arguments and figuring out how to change this vote for almost a full year. Now, with the comprehensive plan, I sort of gave everyone the benefit of the doubt and thought surely it will work itself out like it always does. I think with everything that has happened I don't really share that sentiment anymore. It's pretty clear that they will do anything to ensure this doesn't move forward, and they have been single minded with this goal for like 9 months. I don't know what is going to happen but I am feeling very apprehensive after going thru these documents."

These statements reflect Kenya's personal reactions to city leadership (Dean Johnson is on the city council) and what she views as a concerted effort by others to vote differently than her.

On 10/28/25, I reached out to Kenya via e-mail: "I was hoping to get back together with you here at the station to talk about what I found out with those phone numbers and answer some of your questions below. What does your availability look like this week?"

On 10/29/25, she replied, "Has something happened? I am now getting calls about this again. Since we last spoke, I finished my spreadsheet and the rest of the documents were released if you need any of that information. I'm pretty slammed this week at work, so I don't really have time before probably Saturday unless it's actually critical. I know that the city has a date of 10/31 to release the letter/text messages to public, were you trying to meet before that deadline?"

Five minutes later, I responded, "I wasn't aware of that deadline, and it is not critical. We can meet next week if that is better. Could you forward me the spreadsheet and the rest of the documents that were released? Thanks."

About two hours passed, then she wrote, "Well... its a tad bit concerning that neither one of us knows what's going on. I will ask some questions and see if I can find out what's going on, I will let you know what I find. I am nervous about this week's release, and I would have thought that the information around a release would have been communicated to you. I don't keep the spreadsheet or files on my computer for obvious reasons, so I have to go and retrieve it if you'd like to review it."

"With things changing and the 31st fast approaching, John is going to start stepping in now. His assistant, Christian, will be reaching out to schedule the meeting. John was a deputy prosecuting attorney for Pierce County for a long time, so hopefully you have worked well with him before."

She provided Christian's contact information, which included an e-mail address at eisenhowerlaw.com. The "John" she was referring to was John Cummings, an attorney. It surprised me that Kenya, as the victim in this matter, was now retaining a lawyer to speak with law enforcement.

I arranged with Attorney John Cummings to meet with him and Kenya on 11/11/25 at 0900 hours. They arrived promptly. Detective Brown and I joined them and we proceeded to the private interview room, which was audio and video recorded. She consented to being recorded. I read her Miranda Rights verbatim from a pre-printed form, since she was present with an attorney. She acknowledged she understood them. The following is paraphrased and not necessarily in chronological order. Exact quotations are marked as such.

I began to summarize the entirety of my investigation for Kenya and John, although I warned that it was a condensed version and not all-inclusive. As I went through, I showed them copies of e-mails exchanged between myself and Kenya (specifically showing the instances during which she did not respond to my requests for clarification or more details), the screenshot of the call from 810-498-1736, the screenshot of Kenya's spreadsheet, Kenya's statement on the phone calls, the phone records from FlowRoute/AT&T/T-Mobile, and the script from the debt collection agency.

When I showed Kenya the e-mail regarding the call from 704-471-0850, she said, "Um..." and looked at John, who asked, "Do you need a moment?" She replied, "Yes, please." He inquired if she wanted to chat with him or if she needed a break. She asked, "Can we take a break?" I confirmed she could do that and offered water, which she declined. She went out to the lobby with John. A little over 8 minutes later, they returned. John said this was "emotional to relive". I assured them they could take as many breaks as they needed.

I brought up the News Tribune article, specifically the part that specifies, "she found a threatening letter in her mailbox, which she said video showed was hand delivered." I asked if she told them that or if it was an error by the TNT, because there was no video that conclusively showed that. John asked Kenya, "is there a video that you're, you're aware of that shows that?" She answered, "Just the mailman."

I explained why I had pursued more details about the phone calls: if I could show they were related to the original threats, I could write a search warrant to figure out who was using that number. I read from the statements she had written on her spreadsheet about the phone calls. I pointed out the tabs at the bottom and reiterated that I had asked her to share what was on "SUSPECTS" and "PPD DOESN'T KNOW", advising I had not received a response. She stated, "I don't think I had all of the information at that time, 'cause I don't think that they had released the records to me yet." I repeated some of her quotes from our ensuing phone call ("I'm running down information that I was made aware of...", "I have a working theory", etc.). I said I felt like she was withholding things from me at that time, but I gave her the benefit of the doubt and wanted to wait and see what she had for me.

I relayed how Kenya cancelled the fingerprinting appointment and told me she was concerned about the city council meeting the night prior. I walked through how she eventually agreed to come and gave me a USB with various documents, including her statements on the phone calls, which gave me what I needed for the search warrant so I could figure out who was harassing her on the phone. I summarized the interview I had with her where she mentioned David De Groot and Mayor Kastama and alluded to a conspiracy between them.

I began producing the documentation from Flowroute. I explained why I knew the call made to her was actually a recording from a debt collector and provided the script. Kenya reviewed the printout without speaking. I asked, "Is that not what you heard?" She answered, "No." John said, "It sounds like, at least what Flowroute is claiming, is that this exact robocall was what was sent to you. But sounds like what you're saying is that's not what was, what was on the recording when he called." She confirmed, "No." I pointed out that there were many records of phone calls that lasted 46 seconds, leading me to believe that they were all the same message. I showed Kenya her statements that described getting called a "slur" and "bitch" on this very phone call. I stated, "So, I kind of raised my eyebrows getting these records." Kenya did not respond to that.

I produced the records from AT&T and advised I was told the 704-471-0850 number did not have a subscriber when it supposedly called her, and could not have called her. I reminded her that she said she had double-checked the number when I asked if she could have made a mistake.

I then showed Kenya her own phone records from T-Mobile for 7/23/25. I pointed out that she only received one incoming call prior to e-mailing me about the threatening call, and it was not from the 704 number. I explained how the service code revealed 252-359-4703 would have shown up on her phone (not a spoof) and that she actually called it back. I pointed out that her call to 704-471-0850 did not go through. Kenya said, "So you're saying that I just randomly called this number." I replied, "I don't know. That's what I wanted to ask you about... Because the minute after you called that number, you emailed me and said, 'Hey, I got a call from this number.'" Kenya maintained, "I received a call from that number and I, like, got my phone and I sent you a message right afterwards... I didn't call that number." John pointed to 252-359-4703 and asked, "Do you know who that number is?" She responded, "I could probably figure that out." I asked if she remembered getting a call from that number. She answered, "I, I will have to, uh, no. I don't remember who called me randomly in July." John said they would take a look and see if they could give some information on that. Kenya stated, "I would not randomly call a phone number that I didn't know before."

I broke it down for Kenya as follows: "Based on what we've uncovered, things don't really add up to what you're saying and what you're telling us. So that's why I wanted to see if there was some type of

explanation you could give that would make sense." After ten seconds of silence in response, I continued, "Because... as far as we can tell and what we, the evidence, right? First call was a, from a debt collector. They didn't use a slur, nothing personal. Maybe threatening some legal action there, I think. Um, but I don't know how you interpreted that to be what you said. Uh, and then the second call doesn't appear to ever have happened. So..." John jumped in and said what makes him wonder is why she would call the number out of the blue, and he said he would talk to his client about 252-359-4703.

John asked for a copy of the T-Mobile records. He whispered a question to Kenya. He acknowledged, "There's some stuff I think we can, we can provide to you that you've been trying to get you don't have. And I want to get it to you." He asked for me to forward the e-mails (where I was requesting information from Kenya) to him. He ultimately promised to have a response to me by Monday (11/17/25) at 9 AM.

I brought up the fact that I had consulted with the FBI BAU on the matter to try to ascertain a criminal profile for the person who wrote the letter (I said, "It's not every day we get something that's so heinous. Um, so I wanted to see who we might be dealing with.") I relayed that I do not have their written report yet, but I was told that there were a lot of unusual things about the letter and that they were curious about why I was not getting responses and why some things were not adding up. I expressed that the gist of their analysis was that this is not what they normally see with letters like this.

John brought up that there's a "wonder or a concern or curiosity around whether or not somebody who is higher up in power who has, you know, control over... your pay and the, the pay of so many people. I imagine there is some caution in the way my client has interacted... but I think it's understandable caution... I would be hoping we don't jump to, right, is this idea that caution is the same as fabrication, right? And so I just want us to be in that space of like, Hey, now she has an attorney, let's get in there and figure out what is and can and cannot be substantiated and get to what's actually going on."

I pointed out that we were five months into this, so I wanted to put him at ease that I was not "jumping" anything. I said, "I wanted to get you in here to see if there was an explanation and maybe you can get that for me." John agreed, "Yeah." We chatted a bit more about what was to be expected in the near future. I thanked both of them for coming in. The interview concluded and I shook their hands.

FOLLOW-UP WITH JOHN CUMMINGS

I forwarded John the e-mails that contained all my unanswered questions. He set a deadline to give me the responses by 11/17/25. John extended this deadline to 11/19/25, then again to 11/20/25.

On 11/20/25, John sent me a letter with responses to my questions.

As for the "Suspects" and "Things PPD Doesn't Know" tabs, John wrote, "She is willing to share these tabs with you, but they contain all of her notes and theories, so some of that information may be considered protected work product or privilege. We will review and redact these tabs and provide them to you in the next couple weeks."

As for the snippet in the TNT article about video showing the letter was hand-delivered, John wrote it appeared the delivery person "could have easily placed a single page letter" into her mailbox and later referenced the clip of Wen Yi Chen.

John's office furnished a link to more public records pertaining to David De Groot. This contained 80 files and included more transcripts of his comments to city council, edits to the comprehensive plan, other letters expressing his views on certain topics, records of communications with Mayor Kastama, and more. While these highlighted the differences in philosophy between David and Kenya, none of it constituted evidence of his involvement in the creation or delivery of the threatening letter.

Lastly, John expressed that Kenya was concerned that no women besides herself have been interviewed during the investigation.

I replied to John with the following:

- I eagerly await the spreadsheet, even if redacted. I am curious what she might feel the need to redact from the police, though.
- Ms. Jones might have forgotten that I interviewed her sister, and I recall she did not want me to speak to her initially. If she knows other women who might have something relevant to say in relation to this investigation, I would welcome their contact information. I usually only interview people that have some sort of correlation to the matter at hand.
- Does Ms. Jones have an explanation for why she said she was called derogatory terms by the debt collector, when I have the script for that phone call showing that not to be the case?

John later replied with his client's answers:

- I'm certain my client is not the first victim of crime to be hesitant to expose more information than is necessary to a law enforcement officer. Especially because so much of what she provides you can become a public record. I suspect you yourself do not send private information over your work phone for the same concerns. I will get this to you as soon as I can.
- Have you interviewed any women that worked with or around Mr. DeGroot or worked on the Comprehensive plan?
- The script did not match what Ms. Jones heard...

As of 1/14/26, I still have not received the "redacted" information from Kenya or John.

CONCLUSION

The following points should be reiterated:

- The delivery of the threatening letter was not conclusively captured on the residential surveillance camera, even though it is set up to record everyone approaching the door. The videos also did not show anyone retrieving the mail during the specified time frame.
- Kenya waited three days to report the letter to law enforcement and was hesitant to divulge the details of it to her own family members.
- The report was made on 6/9/25. Significantly, this is one day before the city council completed the first reading of the ordinance adopting the comprehensive plan.
- Kenya described getting a threatening phone call on 7/2/25, during which she was called a "slur" and a "bitch". In reality, it was a recorded message from a debt collection company. When confronted with this discrepancy, she advised this is simply not what she heard.
- Kenya claimed she received a taunting phone call on 7/23/25, but phone records show this never actually happened. Incidentally, this is one day after the city council completed the second reading of the ordinance adopting the comprehensive plan.
- Throughout the investigation, Kenya displayed a pattern of withholding information from law enforcement and ignoring direct questions (or delaying her responses to them).
- Kenya has retained an attorney and still has not provided the full contents of her spreadsheet that has tabs labeled "SUSPECTS", "PPD KNOWS", and "THINGS PPD DOESNT KNOW".
- The FBI BAU analysis concluded that the letter was most likely generated by her or someone acting on her behalf.

Based on everything that has been articulated thus far, this case will be provided to the misdemeanor division of the Pierce County Prosecuting Attorney's Office for review of false reporting charges.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct.

"Latent fingerprint impression 01.
"Latent palmprint impression 01K.
Please refer to Forensic Technician Danielle McCreedy's previous report on this case for further clarification on the unidentified latent prints.

On 10/21/2025, I manually compared latent fingerprint impression 01 to the known fingerprint impressions that were provided from DE GROOT, DAVID JOSEPH, DOB: 06/27/1946, WA license plate #: E04 .
"Latent fingerprint impression 01 was compared and found not to be the same as the known fingerprint impressions for DE GROOT, DAVID JOSEPH, DOB: 06/27/1946, WA license plate #: E04 .
Latent fingerprint impression 01 remains unidentified.

I then manually compared latent palmprint impression 01K to the known palmprint impressions that were provided from DE GROOT, DAVID JOSEPH, DOB: 06/27/1946, WA license plate #: E04 .
"Latent palmprint impression 01K was compared and found not to be the same as the known palmprint impressions for DE GROOT, DAVID JOSEPH, DOB: 06/27/1946, WA license plate #: E04 .
Latent palmprint impression 01K remains unidentified.

My results were technically reviewed and verified by Forensic Investigator Jordyn Casteel #20-014.

On 11/10/2025, the fingerprint card and palmprint cards for DE GROOT, DAVID JOSEPH were sealed back into the plastic baggie in which they were received and are ready for pick up by the Puyallup Police Department.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct.

21 Affiant

22 I graduated from the 720-hour San Diego County Regional Police Academy in August
23 2014. I was employed by the City of Chula Vista as a police officer from that point until May
24 2017.

25 I have been a full-time commissioned police officer for the Puyallup Police Department
26 since May 2017. After transferring to Puyallup, I completed the 80-hour Basic Law Enforcement
27 Equivalency Academy course at the Washington State Criminal Justice Training Commission for
28 out-of-state laterals.

1 I am currently a member of the Investigative Services Unit at the Puyallup Police
2 Department. In such capacity, I am empowered to conduct investigations of all felonies and
3 misdemeanors, and to make arrests for, crimes endangering the welfare of any person(s).

4 I have both handled and participated in numerous criminal investigations that have
5 resulted in the arrest and conviction of many persons in felonious crimes and other violations of
6 the Revised Code of Washington. In addition, I also have been involved in the preparation and
7 execution of numerous search warrants.

8 I am assigned the below-described case for follow-up investigation.

9 **The Investigation**

10 On 6/9/2025, Puyallup PD patrol units were dispatched to contact a citizen, Kenya Jones,
11 at the police station at 311 W Pioneer. She had reported receiving a threatening letter in her
12 mailbox at 407 4th Ave NE in Puyallup, WA.

13 Kenya relayed that the letter was found amid her regular mail. It had been typed in all
14 capital letters with red ink on a loose standard white sheet of paper (not in an envelope). It read
15 as follows:

16 "YOU NEED TO SHUT UP AND STAY OUT OF OUR CITY HALL. YOU DON'T BELONG
17 HERE YOU'RE A BITCH AND YOU NEED TO LEAVE. WE CANT WAIT UNTIL
18 COUNCIL FINALLY REMOVES YOUR DEI DIDN'T EARN IT ASS IF COUNCIL WONT
19 TAKE YOU OUT WE WILL IT WILL BE EASY TO SPOT THE NIGGA BITCH THROUGH

23 COUNCIL WILL PROTECT US FROM YOUR MONKEY ASS WOKE VICTIM BULLSHIT.
24 THE COMP PLAN WILL PASS AND END ALL OF YOU AND YOUR REVERSE RACISM
25 THEN YOUR RETARDED ASS CAN GO BACK TO YOUR SHITHOLE COUNTRY. WE
26 WILL MAKE PUYALLUP GREAT AGAIN AND DEPORT YOU TO MEXICO SO YOU
27 CAN BE GANG RAPE AND HUNG LIKE THE TERRORIST YOU ARE. YOU WILL
28 NEVER HAVE POWER IN THIS CITY THE COUNCIL WILL PROTECT OUR POWER.
BLACK LIVES DO NOT MATTER HERE WE ARE NOT TACOMA WE WILL SHUT YOU

11 REAL AMERICANS NOT WELFARE NIGGA BITCHS THEY WILL PROTECT US AND
12 THEY COUNTRY FROM INVADERS LIKE YOU
13 YOU WILL DIE ALONE WE WILL MAKE SURE OF IT"

14
15 This message threatens to kill and rape Kenya and is full of racist language. The person
16 who wrote it was aware of her race (she is a Black woman), where she works (she is the chair of
17 the planning commission for the city of Puyallup and parks at the basement of city hall to attend
18 meetings there), that she has a dog, and clearly where she lives. The comprehensive plan she has
19 been working on included topics like equity. Kenya could not think of anybody who would have
20 written this letter.

21 Kenya advised the last time she or her husband checked her mailbox before 6/6/2025 was
22 on 5/26/2025. There is a motion-activated Ring camera installed on the front of her house near
23 the mailbox. She provided numerous clips from the Ring surveillance footage, which showed
24 two different USPS mail carriers delivering mail (neither appeared to have the piece of paper or
25 it was hidden between envelopes) and two door-to-door salesmen (neither of whom placed
26 anything in the mailbox). Follow-up with the local post office led to the identification of both
27 mail carriers, confirming they were legitimately employed.

28 Kenya divulged that there were many more Ring video clips she had not shared with
police, advising they were irrelevant (they depicted her or her husband just entering or exiting
the home, for example).

1 The Ring security video should have captured everyone who approached Kenya's front
2 door during the time period when this crime occurred (5/26/25 through 6/6/25). Since it was a
3 difficult task for her to download and provide all of the clips and Snapshots (see below section)
4 herself and because they potentially have evidentiary value, I am requesting they be shared by
5 Ring.

6 **RING Information:**

7 The Ring Video Doorbell is a smart doorbell that contains a high-definition camera,
8 a motion sensor, and a microphone and speaker for two-way audio communication. It integrates
9 with an associated mobile app, which allows users to view real-time video from the camera,
10 receive notifications when the doorbell is rung, and communicate with visitors at the door via the
11 integrated speaker and microphone. It is also capable of operating as a surveillance camera, and
12 can automatically trigger recordings when rung, or when its motion sensors are activated. With a
13 subscription, users are able to store their videos to a cloud server owned by Ring.

14 Ring collects and stores "non-content" information on their users that includes user
15 information such as name, address, email address, billing information, date of account creation,
16 and other types of account information. As noted above, Ring also stores video content to its
17 cloud servers.

18 The MAC address of a Ring device is the best way to identify a correct account and locate
19 the relevant device. The MAC ID for Ring doorbells and security cameras can be found in the
20 following locations.

21 In the Ring application - follow these steps

22 Open Ring app > Tap the menu in the top left corner > Tap "Devices" > Select desired
23 Ring device > Tap "Device Health" > Look at "device details" section

24 On the Ring device:

25 Doorbells - On the back of the device

26 Security Cams - Look near the power cord, near mounting connection, on the back.

27 On the box: usually near the barcode or the bottom side of the box.

28 If the MAC ID is unavailable, Ring may be able to search by name, address, telephone
number and/or email address.

1 Ring also has a “Snapshot Feature” that enables the Ring device to record still images
2 even when there is no motion in camera’s field of view that would normally trigger video
3 recordings. These still images are captured at fixed intervals of 30 seconds up to 3 minutes. The
4 still images may contain important information not normally captured on video. For example, a
5 user sets the defined motion detection area of their front porch. If a vehicle parks in front of the
6 house it will not trigger a video recording since it is not in the defined area, but the Snapshot
7 Feature will record still images of the vehicle even though no motion was detected.

8 Snapshots are available from a user account by selecting the appropriate date/time within
9 the user’s app in the “share” feature. It gets a bit trickier when serving a court order to Ring.
10 Ring will evaluate warrants and will only comply with what is specifically requested in the order.
11 They will not include the Snapshot images (or disclose their existence) when the order includes
12 language such as “any and all video”. It is suggested to add the specific language “...and any
still images captured by the Snapshot feature” to any orders to obtain this data.

13 Ring has confirmed they accept and processes legal requests at the following location:

14 **Ring Incorporated**
15 **Attn: Ring Legal Department, Custodian of Records**
16 **12515 Cerise Ave.**
17 **Hawthorne, CA 90250**
18 **<https://ler.amazon.com/us>**

19 Based on all the foregoing information, I believe that evidence of the above-listed crime(s)
20 exists at the business records at the above-described location, and that there is probable cause to
21 search those records of the Ring account described by:

22 **MAC Address of Ring Camera:** Unknown
23 **Name:** Kenya Jones
24 **Address:** 407 4th Ave NE, Puyallup, WA 98372
25 **Phone:** 704-682-5087
26 **Email:** kenyajonesdesign@gmail.com

27 And seize the following evidence of the above-listed crimes:

- 28 • Non-content information including name, address, email address, billing information,
date of account creation, and other similar data;
- Content data including all available Ring video and any still images captured by the
Snapshot feature for the above account from 5/26/2025 through 6/6/2025.

1 SUPERIOR COURT OF WASHINGTON FOR PIERCE COUNTY

2 STATE OF WASHINGTON) SW NO. _____
3 COUNTY OF PIERCE) SEARCH WARRANT¹

4 TO ANY PEACE OFFICER IN THE STATE OF WASHINGTON:

5 Upon the sworn complaint made before me, there is probable cause to believe that the crime
6 of RCW 9A.36.080 – Hate Crime Offense has been committed in Pierce County, and that evidence
7 of that crime is concealed in the below-described location.

8 YOU ARE COMMANDED to:

9 1. Search, within **10 days** of this date, the following:

10 The service provider records for this phone number:

11 704-471-0850

12 These are located with the custodian of records at:

13 AT&T
14 Attn: Global Legal Demands Center
15 11760 U.S. Highway 1, Suite 300
16 North Palm Beach, FL 33408
E-mail Address: gldc@att.com

17 2. Seize, if located, evidence of the above-listed crime(s), including:

- 18
- 19 • **Subscriber or Registration Account Information**, including subscriber or registered
20 user name or identity, driver’s license number or other government issued identifier email
21 address(es), mailing address, billing/payment information, account initiation date and
22 place, type of account, custom account features, additional phone numbers, addresses
(both physical and electronic) and/or other contact information, additional persons having
23 authority on the account, account changes for the target number; and
 - 24 • **Device Identifying Information** for the device using the target number, such as phone
25 number, MAC address, IP address, and other unique network, hardware, and software
26 identifiers; and

27 *For the date range: 7/22/2025 from 1200 hours UTC through 7/24/2025 at 1200 hours
28 UTC, the following:*

- **Usage Information**, including stored and transactional records, such as local and long-
distance call detail data, together with date and time of each communication; and

- **Location Information**, including latitude & longitude data, GPS coordinates, and/or known service addresses associated with the target number.

The Court finds that disclosure of the existence of this warrant and application, to any person, including the subscriber(s) and customer(s) to which the materials relate, would contravene and frustrate the exercise and enforcement of this warrant; endanger the life or physical safety of an individual; risk flight from prosecution; risk destruction of or tampering with evidence; risk intimidation of potential witnesses; and/or otherwise seriously jeopardize an investigation.

Therefore, the Court hereby orders, pursuant to 18 U.S.C. 2705(b), that the service provider to whom this warrant is addressed is prohibited for a period of 90 days from disclosing the existence of this warrant and application to any person, including the subscriber or customer to whom the warrant relates, except that the service provider may disclose the warrant and application to its legal counsel for purpose of receiving legal advice.

In addition to the above probable cause findings, the Court having reviewed specific and articulable facts showing that there are reasonable grounds to believe the records or other information sought are relevant and material to an ongoing criminal investigation hereby concludes this warrant is issued pursuant to and in compliance with 18 U.S.C. 2703.

Promptly return this warrant to me or the clerk of this court; the return must include an inventory of all property seized.

A copy of the warrant and a receipt for the property taken shall be given to the person from whom or from whose premises property is taken. If no person is found in possession, a copy and receipt shall be conspicuously posted at the place where the property is found.

Date/Time: September 3, 2025 / 1252

7 On 6/9/2025, Puyallup PD patrol units were dispatched to contact a citizen, Kenya Jones,
8 at the police station at 311 W Pioneer. She had reported receiving a threatening letter in her
9 mailbox at 407 4th Ave NE in Puyallup, WA.

10 Kenya relayed that the letter was found amid her regular mail on 6/6/25. She advised the
11 last time she or her husband checked her mailbox before 6/6/2025 was on 5/26/2025. The letter
12 had been typed in all capital letters with red ink on a loose standard white sheet of paper (not in

11 "YOU WILL DIE ALONE WE WILL MAKE SURE OF IT"

12
13 This message threatens to kill and rape Kenya and is full of racist language. The person
14 who wrote it was aware of her race (she is a black woman), where she works (she is the chair of
15 the planning commission for the City of Puyallup and parks at the basement of city hall to attend
16 meetings there), that she has a dog, and clearly where she lives. The comprehensive plan she has
17 been working on included topics like diversity, equity, and inclusion (DEI), which the writer
18 clearly opposes. Kenya could not think of anybody who would have written this letter.

19 On 6/10/25, the Puyallup City Council voted to approve the first reading of the ordinance
20 adopting the Puyallup 2044 Comprehensive Plan. Prior to this vote, there were multiple citizens
21 who voiced opposition to the amendments that had removed or altered some of the language
22 regarding DEI and other topics.

23 On 7/2/25, Kenya notified me via e-mail that she had received a "threatening" phone call
24 at 0745 hours from 810-498-1736. She later shared a screenshot of the call showing it had lasted
25 46 seconds. Kenya wrote the following regarding the call:

26 "The message was displayed from Michigan, and I answered the phone because I
27 believed it to be a client from a recent hotel that I had remodeled on Mackinac Island.

28 When I answered the call I heard a beep, and a robotic male voice came over my Carplay.

The voice used my name and began to say that they had been hired to act against me, the

1 caller called me a bitch, and said multiple times/ways they retained to take actions, that I
2 would have a court case brought against me immediately if I continued to speak. The
3 language made it seem like they planned to do something imminently. I hung up the
4 phone as soon as I could. I left Puyallup the next day.”

5 The number 810-498-1736 is a non-fixed VOIP serviced by Flowroute.

6 On 7/22/25, the Puyallup City Council voted to approve the second reading of the
7 ordinance adopting the Puyallup 2044 Comprehensive Plan. Again, many citizens expressed
8 their displeasure that sections about DEI, climate change, tribal history, and more had been
9 changed or eliminated. Most of these subjects are directly mentioned or alluded to in the
10 threatening letter.

11 On 7/23/25, Kenya e-mailed me that she had received another call from a recorded voice
12 talking about the city and the comprehensive plan. She relayed the number this time was 704-
13 471-0850. Kenya wrote the following regarding the call:

14 “While on my extended trip I received a second phone call on July 23rd , 2025 while I
15 was in Austin, Texas. The caller was the robotic voice again. I do not remember hearing a
16 beep at the beginning of the call. The call was taunting. It caught my attention because
17 because again they said my name, and they immediately began talking about how they
18 were right and that council passed the comprehensive plan. They talked about how all the
19 people I had show up didn’t matter. I hung up the phone.”

20 I confirmed with AT&T staff that the number 704-471-0850 is a landline serviced by
21 AT&T.

22 It should be noted that as of the date of the second phone call, the fact that his
23 investigation was taking place at all had not been shared with anyone outside of Kenya’s family,
24 the police department, two postal carriers, and several planning commissioners (although
25 specific details of the threats were not divulged to these outside parties). Although she is a
26 somewhat public figure, Kenya’s personal cell phone number is not easily accessible via open-
27 source means.

1 Despite the phone numbers being different, Kenya identified the caller as having an
2 identical robotic voice. The language used in both calls is similar to that of the letter: the first
3 caller uses the derogatory term “bitch” and threatens to take action against her if she continues to
4 speak (the letter also uses this obscenity, tells her she needs to “shut up”, and threatens violence
5 against her), and the second caller taunted her with the fact that the comprehensive plan passed
6 (despite opposition by some members of the public, especially regarding the very topics
7 addressed in the letter). These factors lead me to believe that the caller(s) is potentially involved
8 in the creation and/or delivery of the threatening letter.

9 Based on what I have articulated above, I believe there will be relevant evidence in
10 AT&T’s records regarding the number 704-471-0850 that will give leads toward identifying the
11 suspect in this matter.

12 Subscriber/billing information will confirm the accuracy of the phone’s registered owner.
13 Call records will assist in corroborating the information already provided by Kenya. Any
14 available location history will be vital to verify where the phone was situated when the call was
15 made.

16 Obtaining subscriber information is often useful in determining who owns a device on a
17 particular date and time. However, a more definitive way to determine the possessor of a phone
18 line is to examine how it is used over a period of days or weeks. Such records can show
19 consistent patterns of usage that will help determine the user of the phone. I am therefore
20 requesting the listed items within the limited scope of 7/22/2025 to 7/24/2025 (one day prior to
21 and after the call).

22 Conclusion

23 Based on all the foregoing information, there is probable cause to believe that evidence of
24 the above-listed crime exists in the records of the above-described telephone service provider,
25 and that there is probable cause to search the above-identified service provider’s records for
26 evidence of or pertaining to the above-listed crime, including:

- 27 • **Subscriber or Registration Account Information**, including subscriber or registered
28 user name or identity, driver’s license number or other government issued identifier email
address(es), mailing address, billing/payment information, account initiation date and
place, type of account, custom account features, additional phone numbers, addresses

1 (both physical and electronic) and/or other contact information, additional persons having
2 authority on the account, account changes for the target number; and

- 3 • **Device Identifying Information** for the device using the target number, such as phone
4 number, MAC address, IP address, and other unique network, hardware, and software
5 identifiers; and

6 *For the date range: 7/22/2025 from 1200 hours UTC through 7/24/2025 at 1200 hours
7 UTC, the following:*

- 8 • **Usage Information**, including stored and transactional records, such as local and long-
9 distance call detail data, together with date and time of each communication; and
- 10 • **Location Information**, including latitude & longitude data, GPS coordinates, and/or
11 known service addresses associated with the target number.

12 **Request for Nondisclosure Order.** I also ask the court to enter an order directing the
13 receiving service provider(s) not to disclose the existence of this warrant and application, to
14 anyone save its legal counsel for the purpose of receiving legal advice. 18 U.S.C. 2705(b)
15 authorizes the court to issue this order.

16 Disclosure of the information contained in this warrant or application to any person,
17 including the account subscriber, would contravene and frustrate the exercise and enforcement of
18 this warrant; endanger the life or physical safety of an individual; risk flight from prosecution;
19 risk destruction of or tampering with evidence; risk intimidation of potential witnesses; and/or
20 otherwise seriously jeopardize an investigation.

21 In my experience, suspects who know their activity is being investigated by law
22 enforcement quickly change their behavior. They often stop using the social networking sites
23 that they had previously been using and delete incriminating content. They also frequently flee
24 to unknown locations, hide, or destroy evidence, and otherwise alter their behavior, taking other
25 actions to conceal their crime and their physical location. Suspects do this in an attempt to
26 disrupt law enforcement's ongoing investigation into, or discovery of, their criminal activity.

27 Likewise, notice to the account user would render ineffective the court's warrant, and/or
28 frustrate the purpose of that warrant, which is to collect evidence of a crime.

1 SUPERIOR COURT OF WASHINGTON FOR PIERCE COUNTY

2 STATE OF WASHINGTON) SW NO. _____
3 COUNTY OF PIERCE) SEARCH WARRANT¹

4 TO ANY PEACE OFFICER IN THE STATE OF WASHINGTON:

5 Upon the sworn complaint made before me, there is probable cause to believe that the crime
6 of RCW 9A.36.080 – Hate Crime Offense has been committed in Pierce County, and that evidence
7 of that crime is concealed in the below-described location.

8 YOU ARE COMMANDED to:

9 1. Search, within **10 days** of this date, the following:

10 The service provider records for this phone number:

11 810-498-1736

12 These are located with the custodian of records at:

13 BCM One (dba Flowroute, Inc.)
14 295 Madison Avenue, 5th Floor
15 New York, NY 10177
16 E-mail Address: legal@bcmone.com

17 2. Seize, if located, evidence of the above-listed crime(s), including:

- 18 • **Subscriber or Registration Account Information**, including subscriber or registered
19 user name or identity, driver’s license number or other government issued identifier email
20 address(es), mailing address, billing/payment information, account initiation date and
21 place, type of account, custom account features, additional phone numbers, addresses
(both physical and electronic) and/or other contact information, additional persons having
22 authority on the account, account changes for the target number; and
23 • **Device Identifying Information** for the device using the target number, such as phone
24 number, MAC address, IP address, and other unique network, hardware, and software
25 identifiers; and

26 *For the date range: 7/1/2025 from 1200 hours UTC through 7/3/2025 at 1200 hours
27 UTC, the following:*

- 28 • **Usage Information**, including stored and transactional records, such as local and long-
distance call detail data, together with date and time of each communication; and

- **Location Information**, including latitude & longitude data, GPS coordinates, and/or known service addresses associated with the target number.

The Court finds that disclosure of the existence of this warrant and application, to any person, including the subscriber(s) and customer(s) to which the materials relate, would contravene and frustrate the exercise and enforcement of this warrant; endanger the life or physical safety of an individual; risk flight from prosecution; risk destruction of or tampering with evidence; risk intimidation of potential witnesses; and/or otherwise seriously jeopardize an investigation.

Therefore, the Court hereby orders, pursuant to 18 U.S.C. 2705(b), that the service provider to whom this warrant is addressed is prohibited for a period of 90 days from disclosing the existence of this warrant and application to any person, including the subscriber or customer to whom the warrant relates, except that the service provider may disclose the warrant and application to its legal counsel for purpose of receiving legal advice.

In addition to the above probable cause findings, the Court having reviewed specific and articulable facts showing that there are reasonable grounds to believe the records or other information sought are relevant and material to an ongoing criminal investigation hereby concludes this warrant is issued pursuant to and in compliance with 18 U.S.C. 2703.

Promptly return this warrant to me or the clerk of this court; the return must include an inventory of all property seized.

A copy of the warrant and a receipt for the property taken shall be given to the person from whom or from whose premises property is taken. If no person is found in possession, a copy and receipt shall be conspicuously posted at the place where the property is found.

5 **Declaration**

6 I, Detective Kaleb Johnson, declare that I have personal knowledge of the matters set
7 forth below and that I am competent to testify to the matters stated herein:

8 On the basis of the following, I believe there is probable cause that UNKNOWN
9 SUSPECT(S) has committed the crime(s) of RCW 9A.36.080 – Hate Crime Offense, and that
10 evidence of that crime is located in:

11 The service provider records for the following phone number:

12 810-498-1736

13 These are located with the custodian of records at:

14 BCM One (dba Flowroute, Inc.)
15 295 Madison Avenue, 5th Floor
16 New York, NY 10177
17 E-mail Address: legal@bcmone.com

18 **Affiant**

19 I graduated from the 720-hour San Diego County Regional Police Academy in August
20 2014. I was employed by the City of Chula Vista as a police officer from that point until May
21 2017.

22 I have been a full-time commissioned police officer for the Puyallup Police Department
23 since May 2017. After transferring to Puyallup, I completed the 80-hour Basic Law Enforcement
24 Equivalency Academy course at the Washington State Criminal Justice Training Commission for
25 out-of-state laterals.

26 I am currently a member of the Investigative Services Unit at the Puyallup Police
27 Department. In such capacity, I am empowered to conduct investigations of and make arrests for
28 felonious crimes and other violations of the Revised Code of Washington. I have both handled
and participated in a multitude of criminal investigations that have resulted in the arrest and

1 conviction of many persons. In addition, I also have been involved in the preparation and
2 execution of well over 100 search warrants.

3 I have completed numerous courses and webinars with training on obtaining and
4 analyzing phone records to assist with investigations. I am assigned the below-described case for
5 follow-up investigation.

6 **The Investigation**

7 On 6/9/2025, Puyallup PD patrol units were dispatched to contact a citizen, Kenya Jones,
8 at the police station at 311 W Pioneer. She had reported receiving a threatening letter in her
9 mailbox at 407 4th Ave NE in Puyallup, WA.

10 Kenya relayed that the letter was found amid her regular mail on 6/6/25. She advised the
11 last time she or her husband checked her mailbox before 6/6/2025 was on 5/26/2025. The letter
12 had been typed in all capital letters with red ink on a loose standard white sheet of paper (not in
13 an envelope). It read as follows:

14 “YOU NEED TO SHUT UP AND STAY OUT OF OUR CITY HALL. YOU DON'T BELONG
15 HERE YOU'RE A BITCH AND YOU NEED TO LEAVE. WE CANT WAIT UNTIL
16 COUNCIL FINALLY REMOVES YOUR DEI DIDN'T EARN IT ASS IF COUNCIL WONT
17 TAKE YOU OUT WE WILL IT WILL BE EASY TO SPOT THE NIGGA BITCH THROUGH
18 THE GLASS WINDOWS. WE WILL GO NIGGA HUNTING NEXT TIME YOU GO TO
19 CITY HALL. YOU THINKYOUR FAMOUS MISS 40 I WILL PUT 40 BULLETS THRU THE
20 GLASS. EQUITY WILL NEVER COME TO PUYALLUP THE MAYOR AND CITY
21 COUNCIL WILL PROTECT US FROM YOUR MONKEY ASS WOKE VICTIM BULLSHIT.
22 THE COMP PLAN WILL PASS AND END ALL OF YOU AND YOUR REVERSE RACISM
23 THEN YOUR RETARDED ASS CAN GO BACK TO YOUR SHITHOLE COUNTRY. WE
24 WILL MAKE PUYALLUP GREAT AGAIN AND DEPORT YOU TO MEXICO SO YOU
25 CAN BE GANG RAPE AND HUNG LIKE THE TERRORIST YOU ARE. YOU WILL
26 NEVER HAVE POWER IN THIS CITY THE COUNCIL WILL PROTECT OUR POWER.
27 BLACK LIVES DO NOT MATTER HERE WE ARE NOT TACOMA WE WILL SHUT YOU
28 UP IN CITY HALL AND THEN WE WILL SHUT YOU UP FOREVER KEEP RUNNING
YOUR MOUTH IN MEETINGS WE ARE GOING TO GRAB YOU IN THE BASEMENT

1 AND CUT YOUR THROAT SO YOU CANT SCREAM WHILE WE RAPE YOU AND
2 WHEN WE ARE DONE WE WILL DUMP YOU IN THE RIVER SO YOU CAN BE WITH
3 THE SALMON YOUR ALWAYS TRYING TO SAVE. MAYBE ONE OF YOUR PISS POOR
4 INDIAN BUDDYS WILL FIND YOU. WE ARE GOING TO RUN OVER THAT STUPID
5 YAPPING DOG TOO MAYBE WE WILL POISON HIM. PUYALLUP IS NOT YOUR CITY
6 WE WILL ERASE YOU YOU WILL NEVER BE EQUAL YOU WILL NEVER BE
7 REMEMBERED PUYALLUP IS NOT FOR YOU AND DON'T EVEN BOTHER CALLING
8 THE POLICE THEY WILL NOT HELP YOU THEY ARE PATRIOTS THEY WORK FOR
9 REAL AMERICANS NOT WELFARE NIGGA BITCHS THEY WILL PROTECT US AND
10 THEY COUNTRY FROM INVADERS LIKE YOU

11 "YOU WILL DIE ALONE WE WILL MAKE SURE OF IT"

12
13 This message threatens to kill and rape Kenya and is full of racist language. The person
14 who wrote it was aware of her race (she is a black woman), where she works (she is the chair of
15 the planning commission for the City of Puyallup and parks at the basement of city hall to attend
16 meetings there), that she has a dog, and clearly where she lives. The comprehensive plan she has
17 been working on included topics like diversity, equity, and inclusion (DEI), which the writer
18 clearly opposes. Kenya could not think of anybody who would have written this letter.

19 On 6/10/25, the Puyallup City Council voted to approve the first reading of the ordinance
20 adopting the Puyallup 2044 Comprehensive Plan. Prior to this vote, there were multiple citizens
21 who voiced opposition to the amendments that had removed or altered some of the language
22 regarding DEI and other topics.

23 On 7/2/25, Kenya notified me via e-mail that she had received a "threatening" phone call
24 at 0745 hours from 810-498-1736. She later shared a screenshot of the call showing it had lasted
25 46 seconds. Kenya wrote the following regarding the call:

26 "The message was displayed from Michigan, and I answered the phone because I
27 believed it to be a client from a recent hotel that I had remodeled on Mackinac Island.

28 When I answered the call I heard a beep, and a robotic male voice came over my Carplay.

The voice used my name and began to say that they had been hired to act against me, the

1 caller called me a bitch, and said multiple times/ways they retained to take actions, that I
2 would have a court case brought against me immediately if I continued to speak. The
3 language made it seem like they planned to do something imminently. I hung up the
4 phone as soon as I could. I left Puyallup the next day.”

5 The number 810-498-1736 is a non-fixed VOIP serviced by Flowroute.

6 On 7/22/25, the Puyallup City Council voted to approve the second reading of the
7 ordinance adopting the Puyallup 2044 Comprehensive Plan. Again, many citizens expressed
8 their displeasure that sections about DEI, climate change, tribal history, and more had been
9 changed or eliminated. Most of these subjects are directly mentioned or alluded to in the
10 threatening letter.

11 On 7/23/25, Kenya e-mailed me that she had received another call from a recorded voice
12 talking about the city and the comprehensive plan. She relayed the number this time was 704-
13 471-0850. Kenya wrote the following regarding the call:

14 “While on my extended trip I received a second phone call on July 23rd , 2025 while I
15 was in Austin, Texas. The caller was the robotic voice again. I do not remember hearing a
16 beep at the beginning of the call. The call was taunting. It caught my attention because
17 because again they said my name, and they immediately began talking about how they
18 were right and that council passed the comprehensive plan. They talked about how all the
19 people I had show up didn’t matter. I hung up the phone.”

20 I confirmed with AT&T staff that the number 704-471-0850 is a landline serviced by
21 AT&T.

22 It should be noted that as of the date of the second phone call, the fact that his
23 investigation was taking place at all had not been shared with anyone outside of Kenya’s family,
24 the police department, two postal carriers, and several planning commissioners (although
25 specific details of the threats were not divulged to these outside parties). Although she is a
26 somewhat public figure, Kenya’s personal cell phone number is not easily accessible via open-
27 source means.

1 Despite the phone numbers being different, Kenya identified the caller as having an
2 identical robotic voice. The language used in both calls is similar to that of the letter: the first
3 caller uses the derogatory term “bitch” and threatens to take action against her if she continues to
4 speak (the letter also uses this obscenity, tells her she needs to “shut up”, and threatens violence
5 against her), and the second caller taunted her with the fact that the comprehensive plan passed
6 (despite opposition by some members of the public, especially regarding the very topics
7 addressed in the letter). These factors lead me to believe that the caller(s) is potentially involved
8 in the creation and/or delivery of the threatening letter.

9 Based on what I have articulated above, I believe there will be relevant evidence in
10 Flowroute’s records regarding the number 810-498-1736 that will give leads toward identifying
11 the suspect in this matter.

12 Subscriber/billing information will confirm the accuracy of the phone’s registered owner.
13 Call records will assist in corroborating the information already provided by Kenya. Any
14 available location history will be vital to verify where the phone was situated when the call was
15 made.

16 Obtaining subscriber information is often useful in determining who owns a device on a
17 particular date and time. However, a more definitive way to determine the possessor of a phone
18 line is to examine how it is used over a period of days or weeks. Such records can show
19 consistent patterns of usage that will help determine the user of the phone. I am therefore
20 requesting the listed items within the limited scope of 7/1/2025 to 7/3/2025 (one day prior to and
21 after the call).

22 Conclusion

23 Based on all the foregoing information, there is probable cause to believe that evidence of
24 the above-listed crime exists in the records of the above-described telephone service provider,
25 and that there is probable cause to search the above-identified service provider’s records for
26 evidence of or pertaining to the above-listed crime, including:

- 27 • **Subscriber or Registration Account Information**, including subscriber or registered
28 user name or identity, driver’s license number or other government issued identifier email
address(es), mailing address, billing/payment information, account initiation date and
place, type of account, custom account features, additional phone numbers, addresses

1 (both physical and electronic) and/or other contact information, additional persons having
2 authority on the account, account changes for the target number; and

- 3 • **Device Identifying Information** for the device using the target number, such as phone
4 number, MAC address, IP address, and other unique network, hardware, and software
5 identifiers; and

6 *For the date range: 7/1/2025 from 1200 hours UTC through 7/3/2025 at 1200 hours
7 UTC, the following:*

- 8 • **Usage Information**, including stored and transactional records, such as local and long-
9 distance call detail data, together with date and time of each communication; and
- 10 • **Location Information**, including latitude & longitude data, GPS coordinates, and/or
11 known service addresses associated with the target number.

12 **Request for Nondisclosure Order.** I also ask the court to enter an order directing the
13 receiving service provider(s) not to disclose the existence of this warrant and application, to
14 anyone save its legal counsel for the purpose of receiving legal advice. 18 U.S.C. 2705(b)
15 authorizes the court to issue this order.

16 Disclosure of the information contained in this warrant or application to any person,
17 including the account subscriber, would contravene and frustrate the exercise and enforcement of
18 this warrant; endanger the life or physical safety of an individual; risk flight from prosecution;
19 risk destruction of or tampering with evidence; risk intimidation of potential witnesses; and/or
20 otherwise seriously jeopardize an investigation.

21 In my experience, suspects who know their activity is being investigated by law
22 enforcement quickly change their behavior. They often stop using the social networking sites

20 Affiant

21 I graduated from the 720-hour San Diego County Regional Police Academy in August
22 2014. I was employed by the City of Chula Vista as a police officer from that point until May
23 2017.

24 I have been a full-time commissioned police officer for the Puyallup Police Department
25 since May 2017. After transferring to Puyallup, I completed the 80-hour Basic Law Enforcement
26 Equivalency Academy course at the Washington State Criminal Justice Training Commission for
27 out-of-state laterals.

28 I am currently a member of the Investigative Services Unit at the Puyallup Police
Department. In such capacity, I am empowered to conduct investigations of and make arrests for
felonious crimes and other violations of the Revised Code of Washington. I have both handled
and participated in a multitude of criminal investigations that have resulted in the arrest and

1 conviction of many persons. In addition, I also have been involved in the preparation and
2 execution of well over 100 search warrants.

3 I have completed numerous courses and webinars with training on obtaining and
4 analyzing phone records to assist with investigations. I am assigned the below-described case for
5 follow-up investigation.

6 **The Investigation**

7 On 6/9/2025, Puyallup PD patrol units were dispatched to contact a citizen, Kenya Jones,
8 at the police station at 311 W Pioneer. She had reported receiving a threatening letter in her
9 mailbox at 407 4th Ave NE in Puyallup, WA.

10 Kenya relayed that the letter was found amid her regular mail on 6/6/25. She advised the
11 last time she or her husband checked her mailbox before 6/6/2025 was on 5/26/2025. The letter
12 had been typed in all capital letters with red ink on a loose standard white sheet of paper (not in
13 an envelope). It read as follows:

14 "YOU NEED TO SHUT UP AND STAY OUT OF OUR CITY HALL. YOU DON'T BELONG
15 HERE YOU'RE A BITCH AND YOU NEED TO LEAVE. WE CANT WAIT UNTIL
16 COUNCIL FINALLY REMOVES YOUR DEI DIDN'T EARN IT ASS IF COUNCIL WONT
17 TAKE YOU OUT WE WILL IT WILL BE EASY TO SPOT THE NIGGA BITCH THROUGH
18 THE GLASS WINDOWS. WE WILL GO NIGGA HUNTING NEXT TIME YOU GO TO
19 CITY HALL. YOU THINK YOUR FAMOUS MISS 40 I WILL PUT 40 BULLETS THRU THE
20 GLASS. EQUITY WILL NEVER COME TO PUYALLUP THE MAYOR AND CITY
21 COUNCIL WILL PROTECT US FROM YOUR MONKEY ASS WOKE VICTIM BULLSHIT.
22 THE COMP PLAN WILL PASS AND END ALL OF YOU AND YOUR REVERSE RACISM
23 THEN YOUR RETARDED ASS CAN GO BACK TO YOUR SHITHOLE COUNTRY. WE
24 WILL MAKE PUYALLUP GREAT AGAIN AND DEPORT YOU TO MEXICO SO YOU
25 CAN BE GANG RAPE AND HUNG LIKE THE TERRORIST YOU ARE. YOU WILL
26 NEVER HAVE POWER IN THIS CITY THE COUNCIL WILL PROTECT OUR POWER.
27 BLACK LIVES DO NOT MATTER HERE WE ARE NOT TACOMA WE WILL SHUT YOU
28 UP IN CITY HALL AND THEN WE WILL SHUT YOU UP FOREVER KEEP RUNNING
YOUR MOUTH IN MEETINGS WE ARE GOING TO GRAB YOU IN THE BASEMENT

1 AND CUT YOUR THROAT SO YOU CANT SCREAM WHILE WE RAPE YOU AND
2 WHEN WE ARE DONE WE WILL DUMP YOU IN THE RIVER SO YOU CAN BE WITH
3 THE SALMON YOUR ALWAYS TRYING TO SAVE. MAYBE ONE OF YOUR PISS POOR
4 INDIAN BUDDYS WILL FIND YOU. WE ARE GOING TO RUN OVER THAT STUPID
5 YAPPING DOG TOO MAYBE WE WILL POISON HIM. PUYALLUP IS NOT YOUR CITY
6 WE WILL ERASE YOU YOU WILL NEVER BE EQUAL YOU WILL NEVER BE
7 REMEMBERED PUYALLUP IS NOT FOR YOU AND DON'T EVEN BOTHER CALLING
8 THE POLICE THEY WILL NOT HELP YOU THEY ARE PATRIOTS THEY WORK FOR
9 REAL AMERICANS NOT WELFARE NIGGA BITCHS THEY WILL PROTECT US AND
10 THEIR COUNTRY FROM INVADERS LIKE YOU

11 "YOU WILL DIE ALONE WE WILL MAKE SURE OF IT"

12
13 This message threatens to kill and rape Kenya and is full of racist language. The person
14 who wrote it was aware of her race (she is a black woman), where she works (she is the chair of
15 the planning commission for the City of Puyallup and parks at the basement of city hall to attend
16 meetings there), that she has a dog, and clearly where she lives. The comprehensive plan she has
17 been working on included topics like diversity, equity, and inclusion (DEI), which the writer
18 clearly opposes. Kenya could not think of anybody who would have written this letter.

19 On 6/10/25, the Puyallup City Council voted to approve the first reading of the ordinance
20 adopting the Puyallup 2044 Comprehensive Plan. Prior to this vote, there were multiple citizens
21 who voiced opposition to the amendments that had removed or altered some of the language
22 regarding DEI and other topics.

23 On 7/2/25, Kenya notified me via e-mail that she had received a "threatening" phone call
24 at 0745 hours from 810-498-1736. She later shared a screenshot of the call showing it had lasted
25 46 seconds. Kenya wrote the following regarding the call:

26 "The message was displayed from Michigan, and I answered the phone because I
27 believed it to be a client from a recent hotel that I had remodeled on Mackinac Island.

28 When I answered the call I heard a beep, and a robotic male voice came over my Carplay.

The voice used my name and began to say that they had been hired to act against me, the

1 caller called me a bitch, and said multiple times/ways they retained to take actions, that I
2 would have a court case brought against me immediately if I continued to speak. The
3 language made it seem like they planned to do something imminently. I hung up the
4 phone as soon as I could. I left Puyallup the next day.”

5 The number 810-498-1736 is a non-fixed VOIP serviced by Flowroute.

6 On 7/22/25, the Puyallup City Council voted to approve the second reading of the
7 ordinance adopting the Puyallup 2044 Comprehensive Plan. Again, many citizens expressed
8 their displeasure that sections about DEI, climate change, tribal history, and more had been
9 changed or eliminated. Most of these subjects are directly mentioned or alluded to in the
10 threatening letter.

11 On 7/23/25 at 1618 hours, Kenya e-mailed me: “Today I received another call from a
12 recorded voice talking about the city and the comprehensive plan.” She relayed the number this
13 time was 704-471-0850. Kenya later wrote the following regarding the call:

14 “While on my extended trip I received a second phone call on July 23rd , 2025 while I
15 was in Austin, Texas. The caller was the robotic voice again. I do not remember hearing a
16 beep at the beginning of the call. The call was taunting. It caught my attention because
17 because again they said my name, and they immediately began talking about how they
18 were right and that council passed the comprehensive plan. They talked about how all the
19 people I had show up didn’t matter. I hung up the phone.”

20
21 I confirmed with AT&T staff that the number 704-471-0850 is a landline serviced by
22 AT&T.

23 It should be noted that as of the date of the second phone call, the fact that his
24 investigation was taking place at all had not been shared with anyone outside of Kenya’s family,
25 the police department, two postal carriers, and several planning commissioners (although
26 specific details of the threats were not divulged to these outside parties). Although she is a
27 somewhat public figure, Kenya’s personal cell phone number is not easily accessible via open-
28 source means.

1 Despite the phone numbers being different, Kenya identified the caller as having an
2 identical robotic voice. The language used in both calls is similar to that of the letter: the first
3 caller uses the derogatory term "bitch" and threatens to take action against her if she continues to
4 speak (the letter also uses this obscenity, tells her she needs to "shut up", and threatens violence
5 against her), and the second caller taunted her with the fact that the comprehensive plan passed
6 (despite opposition by some members of the public, especially regarding the very topics
7 addressed in the letter). These factors lead me to believe that the caller(s) is potentially involved
8 in the creation and/or delivery of the threatening letter.

9 A search warrant was approved to serve on AT&T for their records pertaining to 704-
10 471-0850. On 9/14/25, AT&T staff responded with the available data. They included only one
11 call record during the entire requested time frame (between 7/22/25 and 7/24/25), which was
12 made on 7/23/25 at 1545 hours UTC. It listed 704-471-0850 as the "originating number" and
13 704-224-8303 as the "terminating number", with the "dialed number" section blank. The elapsed
14 time was 12 seconds. There was no subscriber information for 704-471-0850.

15 I called AT&T to obtain an explanation. I was told by a representative that the number
16 was not assigned to any subscriber during that time frame. It was explained that 704-471-0850
17 served as a "behind-the-scene" routing number for the above call, and that Kenya (704-682-
18 5087) could not have received a call from 704-471-0850 on that day. The representative
19 suggested I obtain the victim's cell phone records to confirm what actually happened.

20 It is possible that Kenya provided me the incorrect number by accident. Around 8/8/25,
21 she advised she lost her phone and no longer had access to her historical call logs from the day in
22 question.

23 Kenya's number, 704-682-5087, is serviced by T-Mobile. I believe there will be relevant
24 evidence in T-Mobile's records for this number that will reveal the number that contacted her
25 and give leads towards identifying the suspect in this matter.

26 Subscriber/billing information will confirm the accuracy of the phone's registered owner.
27 Call records will assist in corroborating the information already provided by Kenya. Any
28 available location history will be vital to verify where the phone was situated when the call was
made (Kenya told me she was walking back to her hotel from the Texas state capitol building
when she received the call).

1 I am therefore requesting the listed items on 7/23/2025 between 0700 hours UTC and
2 2318 hours UTC (the entire day preceding Kenya's e-mail to me).

3
4 **Conclusion**

5 Based on all the foregoing information, there is probable cause to believe that evidence of
6 the above-listed crime exists in the records of the above-described telephone service provider,
7 and that there is probable cause to search the above-identified service provider's records for
8 evidence of or pertaining to the above-listed crime, including:

- 9 • **Subscriber or Registration Account Information**, including subscriber or registered
10 user name or identity, driver's license number or other government issued identifier email
11 address(es), mailing address, billing/payment information, account initiation date and
12 place, type of account, custom account features, additional phone numbers, addresses
13 (both physical and electronic) and/or other contact information, additional persons having
14 authority on the account, account changes for the target number; and
- 15 • **Device Identifying Information** for the device using the target number, such as phone
16 number, MAC address, IP address, and other unique network, hardware, and software
17 identifiers; and

18 *For the date range: 7/23/2025 from 0700 hours UTC through 7/23/2025 at 2318 hours
19 UTC, the following:*

- 20 • **Usage Information**, including stored and transactional records, such as local and long-
21 distance call detail data, together with date and time of each communication; and
- 22 • **Location Information**, including latitude & longitude data, GPS coordinates, and/or
23 known service addresses associated with the target number.
